Remote Spotlight LEDs

ECCO's EW3000 Series Remote Spotlights are multifunctional, motorized searchlights featuring a 12-24 VDC operation. Both spotlights can be installed wirelessly and are protected by a polycarbonate lens and the housings are available in black or white.

The EW3000/3001 offers 350-degree rotation and a 90 degree tilt range, with patent pending reflective optics. ASA resin housing makes the EW3000/3001 corrosion, UV and impact resistant.
