5597 Reflex® SAE Class I LED, 15"

The 5597 Series 15" LED minibar is a compact and powerful warning solution with permanent, vacuum-magnet, and magnet mount options. Featuring 12-24 VDC operation, the Reflex® uses high-intensity LEDs and reflective technology to maximize light output. Users can select from 18 flash patterns, either via trigger wire on permanent mount models or cigarette plug switch on magnetic models, making it ideal for work trucks, snowplows, or any other vehicle application. Permanent mount models can also be synchronized to operate multiple lights alternately or simultaneously.

Models

PART NO.	MOUNT	LENS COLOR	LED COLOR
5597A	4 Bolt, MG or VM	 A	 A
5597CA	4 Bolt, MG or VM	 C	 A
5597CAC	4 Bolt, MG or VM	 C	 AC

Add "-MG" mounting extension to end of model for magnet mount

Add "-VM" mounting extension to end of model for vacuum-magnet mount

Design Features

- 12-24 VDC, 6.0 Amps
- Combines Reflective and ICE Optic LED modules to optimize focused front/rear warning and wide-angle side warning
- Improved EMC Emissions
- 18 flash patterns
- Cigarette plug with on/off and flash pattern selection switch (vacuum-magnet & magnet only)
- Temperature Range: -22°F to +122°F (-30°C to +50°C)

Accessories / Replacements

- Domes: Amber - R5590LA
Clear - R5590LC
- Mounting Feet: EZ5500BKT
