

DIRECTIONAL LEDS

ED3511 SERIES

Surface Mount

The ED3511 LED warning light is designed to offer maximum performance with a minimal footprint. This surface mount LED measures only 0.5" deep, features 29 single-color or 69 dual-color flash patterns and is available in amber, blue, white, green and red. Its compact form allows for mounting in virtually any location on a vehicle body, while its twelve 1-watt LEDs provide high-intensity utility and warning lighting across use cases. With a low current draw, long maintenance-free service life and a 5-year warranty, the ED3511 Series is a small yet powerful LED for work trucks, tow trucks or any other commercial vehicle application.

Models

PART NO.	TYPE	ILLUMINATION COLOR OPTIONS	AMPS
ED3511X	Single	A B W G R	1.4
ED3511XX	Dual	AB AG AR AW BW GW RB RW	1.4

Replace "X" in part number with desired color: A=amber, B=blue, W=white, G=green, R=red
