

LIGHTBARS

12+ PRO VANTAGE™ SERIES

Sleek, Low Profile, Single- or Dual-Color

The sleek and versatile 12+ Pro Vantage™ Series can accommodate a wide range of vehicle types and duties. With more lightheads available, the Pro Vantage uses advanced ICE optics to maximize output and deliver focused warning. It delivers 64 flash patterns, along with a cut function, to boost visibility under any conditions. The lightbar can either be mounted permanently or using an optional roof mounting kit. The 12+ Pro Series features a durable aluminum chassis, polycarbonate lens and a choice of a black or white base.

Design Features

- Color options: 
- Eight length options: 24", 30", 36", 42", 48", 54", 60", and 72"
- Single- and dual-color lightheads
