

BUSINESS | INDUSTRY GUIDE

Overview

There are many career paths within business for UChicago students! Business careers require soft skills, including effective communication, leadership, collaboration, adaptability, and drive.

FIRST THINGS FIRST

Get started with these resources and stay up-to-date on business events and internships!

- **Sign up for the Careers in Business SharePoint site** for access to career exploration and recruiting readiness resources.
- **Sign up for the Careers in Business newsletter** to get regular updates on opportunities in your area of interest.
- **Get personalized support** from a **Careers in Business adviser**, who bring strong experience across all business pathways!
- **Utilize the Practice Interview Program** to sign up for a behavioral or technical practice interview (Finance and Consulting) and receive live, in-depth feedback to ensure you are portraying the strongest narrative of your story.
- **Join a business competition to engage in real-world business scenarios with your peers.**
- **Take classes** to build expertise in topics connected to your business interests – this could include up to 5 business classes at the Booth School of Business such as BUSN 3000 Financial Accounting or BUSN 38002 Managerial Decision Making.
 - UChicago's September Term **ECON 15030 Basics of Corporate, Banking and Investment Finance** is a great opportunity for rising 2nd year students.
- **To subscribe to Career Advancement's events calendar, copy this calendar feed URL and add to your calendar app**

Investment Banking and Private Equity

These fields focus on analyzing companies, markets, and capital structures to inform high-stakes financial decisions. Professionals use modeling and strategic judgment to advise on transactions and invest in businesses to drive growth and value.
