

**SMART REMOTE OFFICE**

# ALL-IN-ONE VPN WITH EFFORTLESS SECURITY.

Securely connect to the head office from anywhere<sup>1</sup> with Smart Remote Office.

## ALMOST 40% OF CANADIAN EMPLOYEES NOW WORK FROM HOME.<sup>2</sup>

- Ensuring remote employees have secure access to your network from anywhere<sup>1</sup> is more important than ever.

## SECURELY CONNECT YOUR MAIN OFFICE TO YOUR EMPLOYEE'S HOME OFFICE.

- Securely connect your employees to your own private corporate network using your own credentials. And a secure firewall keeps corporate data separate from recreational home data.

## ENJOY PEACE OF MIND WHILE WORKING FROM HOME OR ON THE ROAD.

- Whether they're working from home, or on the road, Smart Remote Office gives remote workers fast, reliable access to VPN.

## NETWORK MANAGEMENT AT YOUR FINGERTIPS.

- Remote worker networks and traffic usage is readily available through the online portal, making it easy to identify and troubleshoot remotely. Plus, you'll be able to prioritize applications and traffic, ensuring your remote workers stay productive.

## MIGHTY AND SMALL, AND EASY TO USE.

- The Smart Remote Office hardware is small, lightweight and can be brought anywhere there's an Internet connection – With zero-touch provisioning and self-connect, all you have to do is plug it in. It's that easy!
