

Simplify day-to-day collaboration with Advantage Voice.

Advantage Voice

A VoIP business phone system that allows you to collaborate with employees, professionalize your customer experience and reduce admin time.

Key Benefits

A missed call is a missed opportunity

Always be on call—Multi-ring enables your office phone to ring at the same time as other assigned numbers or devices, so no important call goes unnoticed.

A full range of calling features are part of every Advantage Voice plan. Voicemail-to-email, call forwarding and transfer, and hunt groups and more.

Collaborate seamlessly

Advantage Voice with Webex makes it easy to collaborate with your employees with mobile and desktop applications, so they can call, message and meet from any device.

Support your remote workforce with features like video conferencing, whiteboarding, team spaces and file sharing.

Customized to your business

Add or remove seats whenever you like³, paying for only what you need, with no hardware or fixed infrastructure costs. Plus, we take care of the software upgrades. It's that easy.

Don't leave your customers hanging

With Auto Attendant², your callers are greeted with a professionally recorded message that directs their call to the right recipient.

Find the right plan for your business.
