Optimize your business for new guest expectations with Shaw Business.

Affordable, customizable and easy to use solutions that create a fast and high quality experience for guests.

CONNECTIVITY SOLUTIONS

Get exceptional connectivity solutions in cost-effective packages that are tailored to your business needs with Shaw Business' custom hospitality services.

MANAGED HOTEL WIFI

Elevate your hotel and guest experience with fast reliable Internet.

- Download speeds of up to 30 Mbps per device
- Property Management System (PMS) integration available
- Outdoor and common area connectivity solutions
- Bandwidth and usage included
- Password protected and secure portal
- Fully installed and managed by Shaw Business
- Customized landing page with your message and logo

BUSINESS INTERNET

An Internet plan tailored to suit your unique needs. Our packages include download speeds from 20 Mbps to 2.0 Gbps so you can choose the speed that you need for your back-office connectivity requirements.

FIBRE INTERNET

Built for hotels with high bandwidth demands to maximize guest experience and staff productivity. Our Fibre Internet solution is a cost-effective bundle that connects your business to our industry-leading Internet backbone while providing the reassurance of Service Level Agreement.

SD-WAN

Provides exceptional network connectivity and protection across multiple hotel locations. Lower operational costs, improve your broadband resource usage and prioritize business-critical traffic by taking control of your network.

SmartSecurity

Our enterprise-grade firewall will keep your hotel's back-office network protected from threats and malware, and puts you in control of what's allowed to enter your network. Add LTE failover to ensure continuity in the rare event of an outage, eliminating any costly downtime.

SmartSurveillance

Provide a safe experience for guests and make better-informed business decisions using valuable insights from a powerful analytics tool that you can view from anywhere.

CONTENT SOLUTIONS

Create a comfortable experience for your guests with our content solutions that make them feel right at home.

HOSPITALITY TV

Give your guests all the content they desire. Our Hospitality TV packages are stuffed with all the most popular regional and national HD channels. Our flexible premium channel packages can be tailored to your needs.

CASTING

Give guests control over their in-room entertainment with our casting solution.

82% of 18-34 year olds would use a casting device in their room.

- Cast movies, TV programs, music, and games with apps like Netflix and YouTube to in-room TVs
- Secure and easy to use. Devices are installed in each room, so there is no need to replace existing TVs
- Compatible with guests' iOS and Android devices

VOICE SOLUTIONS

Whether you're running a boutique hotel or a large property, Shaw Business has a scalable and affordable voice solution to meet your needs.

SmartVoice

SmartVoice Hospitality is a fully managed unified communications solution that integrates with your hotel's Property Management System. Stay connected with your guests while increasing staff productivity with a unique plan that suits your needs.

SIP

Consolidate the transmission of voice, data and other applications in several locations nationwide without the need for separate circuits for each service.

PRI (PRIMARY RATE INTERFACE)

Increase productivity and collaboration with next-generation trunking. Our flexible solution provides you with more features and easy integration between multiple sites. Your unique needs are met with advanced scalability and 10 Direct Inward Dial phone numbers.

BUSINESS PHONE

Built for small hotels, this feature-rich plan gives you the flexibility and functionality you need to run your business, and features affordable monthly rates.

SERVICE COMMITMENT
