Shoemaker Drywall Supplies Announces New Winnipeg Location

New facility at 15 Scurfield Boulevard will expand access to building materials, expert support and delivery services in the Winnipeg market

WINNIPEG, Manitoba - October 5, 2026. Shoemaker Drywall Supplies is pleased to announce the opening of a second location at 15 Scurfield Boulevard in Winnipeg, Manitoba. The new facility will strengthen Shoemaker's ability to serve customers throughout Winnipeg and the surrounding region, providing convenient access to quality building materials, knowledgeable support and dependable deliver solutions.

The new Winnipeg location will serve a broad range of customers, including professional contractors in the wall and ceiling industry, residential and commercial roofing contractors, renovation contractors, lumberyards, and do-it-yourself customers.

The branch will carry an extensive selection of products for residential and commercial construction, including steel framing, insulation, spray foam, drywall and specialty boards, finishing products, paints and primers, fasteners, firestop and related products, residential roofing, commercial roofing, ceiling systems, tools of the trade and related accessories.

Backed by an experienced local team and Shoemaker's safety-first approach, the new location is designed to provide customers with a convenient, reliable source for their building material needs while helping contractors source materials efficiently keeping projects moving.

"This new Winnipeg location reflects our continued commitment to supporting customers with the products, expertise and service they need," said Paul Green, President of GMS Canada.. "We are proud to invest in the local market and expand our ability to serve contractors throughout the region."

"Shoemaker has built its reputation by combining knowledgeable people, reliable service and strong relationships," said Greg Holunga, President of Shoemaker Drywall Supplies. "Our team looks forward to welcoming customers to 15 Scurfield Boulevard and helping them find the right solutions for projects of every size."
