Modernfold Acousti-Seal Premier (A/S 900; Non-steel) - Single/Paired/Electric/900 Series by dormakaba

Health Product Declaration v2.3 created via: HPDC Online Builder

HPD UNIQUE IDENTIFIER: 31899

CLASSIFICATION: 10 22 23.23 Movable Panel Systems

PRODUCT DESCRIPTION: Acousti-Seal® Premier® - Modernfold's most versatile movable wall system, Acousti-Seal® Premier® (A/S 900; Nonsteel) provides a slim 3" platform while maintaining the robust steel frame construction of other Modernfold premium products. Offered in single, paired, and continuously hinged operations, Acousti-Seal® Premier® provides the ideal platform for custom design options including: Custom finishes of various types, window cutouts, veneers, murals, and many more. Acousti-Seal® Premier® uses vertical and horizontal steel frame members with various panel face options to create the strongest composite panel construction available.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

• a method for the assessment of exposure or risk associated with product handling or use,

 a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
