

# **You Are Able**

## **V1**

When the weight is heavy

When the fears are many

I find peace beyond what I can see

Though my life's at midnight

You break through with daylight

I find strength a firm security

## **PC**

When I'm at the end of my own rope

You've given me a future and a hope

## **CHORUS**

Thankful I am thankful

When I cannot You are able

Thankful I am thankful

When I cannot You are able

## **V2**

When my needs cry anthems

Like a path needs lanterns

I find peace beyond what I can see

Though the war is mounted

And I am surrounded

I find strength a firm security

## **PC**

## **CHORUS**

## **BRIDGE**

Come what may I will say

That I trust in Your name

God of then now and forever (repeat)

## **V4**

Though the war is mounted

And I am surrounded

I find strength a firm security (repeat)

I find You my firm security

## **CHORUS**

Thankful I am thankful

When I cannot You are able

Thankful I am thankful

When I cannot You are able

**TAG**

When I cannot You are able

When I cannot You are able
