

We can't predict the future, but we can plan for it. Financial Planning Ministry (FPM) simplifies estate planning, guiding you and your family through a clear and simple process. This allows you to create a legacy plan at no out-of-pocket cost to you, that blesses your family and honors God. Whether you have an estate plan in place or not, we invite you to take a fresh look at the facts and let us help you address your planning priorities and challenges.

It's a common misconception that you only need a will, trust, or estate plan if you are older or have a lot of money. The reality is people die every day without these documents, and it creates chaos for already grieving family members. Why not bless your family by organizing this part of life beforehand? Crossroads is making this easy for you. Join a session. We've partnered with FPM to allow you to make decisions, pass on your values (and your valuables), and start planning for your future.

This free webinar and FPM's planning services are for the Crossroads community, available at no out-of-pocket cost.

You will have the option to sign up based on what works best for you.
