

Never Let Go

V1

Your love never fails me or leads me astray

It always holds on never separates

Your love never leaves or walks another way

It always pursues it's the reason I sing

PC

I sing 'cause You're good yes

I sing of Your kindness

I sing 'cause You're faithful You never let go

CHORUS

When I'm on my own I'm never alone

When I'm on my own I'm never alone

V2

A love for the empty the broken and shamed

You sent Love with purpose

You gave Him a name

You tore out Your heart just to walk in my place

Now I'm a child of God with Your blood in my veins

PC

I sing 'cause You're good yes

I sing of Your kindness

I sing cause You're faithful You never let go

CHORUS

When I'm on my own I'm never alone

When I'm on my own I'm never alone

BRIDGE

Even when I stumble and though I may fall

Even when I'm broken and forced to a crawl

Even when I'm empty with nothing to show

I sing cause You're faithful, You never let go

Even when I doubt You and though I can't see

Even when the future is a mystery

Even when I find myself brought to my knees

I sing 'cause You're faithful You're so good to me

CHORUS

When I'm on my own I'm never alone

When I'm on my own I'm never alone

OUTRO

I sing 'cause You're good yes

I sing of Your kindness

I sing cause You're faithful You never let go
