Wilder than Wildness itself

27 Nov 2021 – 29 Jan 2022

‘For me, garden design isn’t just about plants, it is about emotion, atmosphere, a sense of contemplation. You try to move people with what you do. You look at this, and it goes deeper than what you see. It reminds you of something in the genes — nature, or the longing for nature.’

—Piet Oudolf

Five artist-makers have originated new multidisciplinary works in response to Oudolf Field, a 1.5-acre perennial meadow designed by Piet Oudolf at Hauser & Wirth Somerset. The works presented evoke the immersive experience of the garden, drawing upon Oudolf’s philosophy that rather than copying nature, the intention is to create a feeling, deepening our connection with its seasons and cycles.

About Make

Make Hauser & Wirth Somerset is a destination for contemporary making and the crafted object, showcasing work from the best emerging and established makers both nationally and internationally. All works are for sale.

Since its launch in 2018, the gallery has presented work by over eighty artist-makers, providing valuable insights into the working processes and rich narratives of their practices. Make occupies two rooms of a Georgian townhouse at 13 High Street, Bruton with Jacqueline Moore as Director. There is an emphasis on pieces commissioned specifically, for Make, some of which are created in response to Somerset and the South West, employing locally sourced materials. To coincide with the diverse and collaborative exhibition program, the gallery hosts participatory experiences including talks, workshops, residencies and community events.
