

PELOTON FOR BUSINESS

**OUR MOST IMMERSIVE
TECHNOLOGY, NOW AVAILABLE
FOR YOUR BUSINESS**

MAXIMIZE YOUR FITNESS SPACE AND YOUR EXERCISERS' WORKOUTS - WITH BIKE+*

Turn the screen for more

A larger, anti-glare screen that rotates for 360° of movement makes it easy to experience a variety of classes for a total body workout.

Automatically change resistance

Your exercisers can go hands-free and have their resistance automatically adjusted to match instructor callouts.

Optimized for your facility

The signature Peloton experience, with commercial software for unlimited riders to exercise for free, pedals compatible with athletic shoes, and dedicated commercial support.

PELOTON BIKE+ COMMERCIAL PACKAGE

- Access to exclusive commercial software for unlimited riders**
- Commercial limited warranty
- Dedicated commercial support
- Pair of 2-lb Bike weights, Bike mat, and dual-sided pedals that allow for use with athletic shoes or cycling shoes

Dimensions	59 L x 59 H x 22 W in (150 L x 150 H x 56 W cm)
Weight	140 lb (63.5 kg)
Rider height & weight limits	The Bike+ is built and tested for users between 4'11" and 6'4" (148 to 193 cm) in height and under 297 lbs (135 kg) in weight.
Age minimum	14+

NETWORK REQUIREMENTS

The Peloton Bike+ will work on a wireless connection, but a wired connection is recommended. If using a wireless connection, place the Bike+ as close as possible to a WiFi access point. The touchscreen supports both 2.4Ghz and 5Ghz frequencies over WiFi. Where proximity allows, we recommend utilizing the less-congested 5Ghz WiFi band.

Network parameter	Recommended requirements	Intermediate requirements	Minimum requirements
Physical connection	Wired connection	WiFi with WPA2 5Ghz band	WiFi with WPA2 2.4Ghz band
Download speed upload speed		>10-15 Mbps >2.5 Mbps	
Firewall	All outbound traffic is allowed No Captive Portal No URL Filtering Direct Internet Access (No Proxy)		
IP address assignment	Static DHCP	Dynamic DHCP	Dynamic DHCP
