Salon

In this building of Danish cultural heritage and a view of the harbor front, our restaurant Salon is an experience. This beautiful space forms an open stage setting for your anniversary, birthday or any milestone. Our kitchen is based on quality and tradition, but at the same time innovation and development is in focus. There are any number of options for perfect servings. We value sustainability and organic foods, and these values are expressed through our use of seasonal local ingredients as well as our official organic silver status (60-90% organic produce).

We find great value and energy in creating a truly memorable experience that is just right for you.
