This Indenture made the 25th day of November A.D. 19 43,
IN PURSUANCE OF THE SHORT FORMS OF CONVEYANCES ACT

BETWEEN: JOHN M. BOLTON, of the Township of
Winchester, in the County of Dundas,
farmer,

Hereinafter called the
FIRST PART Y

THE BELL TELEPHONE COMPANY OF CANADA,

Hereinafter called the
SECOND PARTY,

HAZEL A. BOLTON,
Wife of the said John M. Bolton,

Hereinafter called the
THIRD PART Y

AND F. ROY McINTOSH, of the said Township,

Hereinafter called the
FOURTH PART Y

WHEREAS the First Part Y owns the lands described in Schedule "A" hereto annexed and shown in part on plan of survey attached thereto, subject to registered Mortgage No. 15900 held by the Fourth Part Y ;

AND WHEREAS the Second Party owns the lands in the City of Toronto described in Schedule "B" hereto annexed, and, for the purpose of enabling it to construct, operate and maintain continuous lines of telephone and telegraph from the said lands to the City of Ottawa, Province of Ontario, has arranged with the First Part Y to grant to it the right and easement hereinafter set forth and described;

NOW THIS INDENTURE WITNESSETH that in consideration of Sixty-five Dollars and Fifty Cents (\$65.50)

~~dollars~~ of lawful money of Canada, now paid by the Second Party to the First Part Y, the receipt whereof is hereby acknowledged, the First Part Y and the Fourth Part Y hereby grant to the

Second Party, its successors and assigns, to be used and enjoyed as appurtenant to the said lands of the Second Party described in Schedule "B" hereto, the free, uninterrupted and unobstructed right and easement in perpetuity to construct, operate, repair, maintain and replace its lines of telephone and telegraph (forming part of its continuous lines between the said lands described in Schedule "B", and the said City of Ottawa, Prov. of Ont.), either of the overhead aerial type carried on poles or of the underground type with cables buried in the ground or contained in underground conduits or both of said aerial and underground types or consisting partly of the one type and partly of the other type of construction as the Second Party may elect, including all necessary poles, brace poles, anchors, wires, cables (either buried or in conduits or both), conduits, manholes, markers, fixtures and equipment and all appurtenances incidental thereto upon, over, under, along and across the lands described in Schedule "A", hereto annexed, from the point marked "A" on the said plan of survey to the point marked "B" on the said plan of survey

(provided however, that all lines of the underground type consisting of buried cables, underground conduits, manholes, markers, fixtures and equipment and appurtenances thereto shall and may be located within **fifteen** feet of the surveyed line shown on said plan of survey but within the limits aforesaid may deviate from a straight line whenever and to the extent that the Second Party deem it necessary so to do;) to attach or place other wires and cables, either aerial or underground, and to permit the attachment or placing of the wires and cables of any other Company on the poles or in the conduits and manholes of the Second Party; to trim, fell and remove any trees, stumps, brush, branches or other vegetation now or from time to time hereafter growing or being within a distance of **fifteen** feet in the case of underground lines and within **fifty** feet in the case of aerial lines on each side of the surveyed line shown on said plan of survey and to cut, sever and remove the roots thereof and of any other such trees, stumps, brush and branches or vegetation within **fifteen** feet on each side of the said surveyed line so as to keep the said lines of telephone and telegraph free and clear of such; to erect and set the necessary guy and brace poles and anchors and to attach thereto the necessary guy wires; to remove by blasting or otherwise any boulder or rock which may be encountered in constructing the said lines of telephone and telegraph, and with the full right of access, ingress and egress to the Second Party and its contractors and its or their workmen, vehicles, supplies and equipment at all times and for all purposes and things necessary for or incident to the exercise and enjoyment of the rights hereby granted and for the construction, operation, repair and maintenance of its said lines of telephone and telegraph over the lands described in Schedule "A" to and from the highways or lands abutting thereon, to and from the places where the said lines of telephone and telegraph and fixtures are or are to be constructed, erected, buried, repaired and maintained; together with the right from time to time and so often as the Second Party may require, to reconstruct overhead aerial lines as underground lines, without the payment of any further consideration, and/or to reconstruct underground lines as overhead aerial lines upon payment of the prices herein stipulated for aerial lines less the amount originally paid for the underground lines replaced by such aerial lines and either removed or abandoned at the discretion of the Second Party but such reconstruction may be effected without any further payment in all cases where the Second Party shall have previously paid the price herein provided applicable to the erection of a pole line across the said lands described in Schedule "A".

The Second Party shall have the right to construct, erect, operate, repair, maintain and use poles, anchors, additional cables, conduits, manholes, fixtures and facilities either aerial or underground or both as hereinbefore described and all appurtenances thereto from time to time as its requirements may necessitate in connection with its lines; provided, however, that if the Second Party, its successors or assigns, shall at any time erect, place or have in use more than **13¹** lineal rods of either single or twin cable buried without conduits and conduit (whether of single or multiple duct) in addition but not in substitution for the underground lines originally constructed and placed hereunder, the Second Party shall pay an additional price or sum of **fifty** cents for each additional lineal rod of either single or twin cable buried without conduits or of conduit (whether of single or multiple duct) so constructed and placed and, in the event of the Second Party constructing or erecting any poles or anchors, the Second Party shall pay an additional price or sum of \$ **5.00** for each such pole or anchor erected in fences or untillable land and \$ **15.00** for each such pole or anchor erected in tillable land except in the case where an underground line is being reconstructed as an aerial line in which case the consideration provided in the next preceding paragraph applicable thereto shall be paid; provided further that the Second Party shall not be required to make any payment for or in respect of additional wires, cables or facilities placed on poles or in conduits.

The Second Party covenants and agrees with the other parties hereto and with each of them that it shall be responsible for any damage caused by its agents or employees to the crops and property of the First Party and shall as far as possible replace at its own cost any soil or turf removed in connection with any of the work above referred to.

The Third Party covenant's and agrees with the other parties hereto and with each of them that her dower and right and title thereto which, in the event of her surviving her husband she might or would have in, to or out of the lands described in Schedule 'A' hereto, shall be subject to the said right and easement.

NO covenant on the part of the Fourth Party shall be implied by reason of this Indenture or by reason of anything herein contained.

THIS INDENTURE and everything herein contained shall extend to and include the Parties hereto and their respective heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF the Parties hereto have executed these presents.

SECTION 1 AUTHORIZATION AND ADMINISTRATION

1.1 Title

This By-law shall be known as the "Zoning By-law" of the Corporation of the Township of South Dundas.

1.2 Defined Area

The provisions of this By-law shall apply to all lands within the boundaries of the Township of South Dundas.

1.3 Scope

No land shall be used and no buildings or structures shall be erected, altered, enlarged, or used within the Township of South Dundas except in conformity with the provisions of this By-law. This By-law shall not reduce or mitigate any restrictions lawfully imposed by an authority having jurisdiction to make such restrictions. No person shall change the purpose for which any land, building or structure is used, or erect any new building or structure or addition to any existing building or structure or sever any lands from an existing parcel if the effect of such action is to cause the original, adjoining or remaining lands, buildings or structures to be in contravention of this By-law.

1.4 Violations and Penalties

Any person convicted of a breach of any of the provisions of this By-law shall be liable to a fine in accordance with the provisions of the Planning Act and every penalty shall be recoverable under the Provincial Offences Act.

Where a conviction is entered under this Subsection, in addition to any other remedy or any penalty provided by this By-law, the applicable court may make an order prohibiting the continuation or repetition of the offence by the person convicted.

1.5 Remedies

Where any building, structure or use is in contravention of any provisions of this By-law, such contravention may be restrained by action at the instance of any ratepayer or by the Corporation.

1.6 Effective Date

This By-law shall come into full force and effect as of the date of passing by Council, subject to the provisions of the Planning Act.

1.7 Validity

Should any section, clause or provision of this By-law be held by a court of competent jurisdiction to be invalid, the validity of the remainder of the By-law shall not be affected.

1.8 Administrator

This By-law shall be administered by a person designated by the Council of the Township of South Dundas as the "Zoning Administrator".

1.9 Inspection of Premises

The Zoning Administrator or any employee of the Corporation acting under his direction, may, at any reasonable hour, request entry to inspect a property or premises for the purpose of carrying out his duties under this By-law. Notwithstanding the foregoing, the Zoning Administrator, By-law Enforcement Officer or other employee shall not enter into a dwelling unit without the consent of the occupant except under the authority of a search warrant.

1.10 Licences and Permits

No municipal permit, certificate, or licence shall be issued for a proposed use of land or a proposed erection, alteration, enlargement or use of any building or structure that is in contravention of any provision of this By-law. In addition, where the approval of another agency or authority is required, such approval shall be obtained and submitted to the Zoning Administrator prior to the issuance of a building permit.

Notwithstanding the above, receipt of such approval shall not be deemed to establish conformity with the provisions of this By-law.

1.11 Certificate of Occupancy

No change shall be made in the type of use of any land, building or structure within any zone, without first obtaining a Certificate of Occupancy, from the Municipality, in accordance with the Ontario Building Code, as amended.

1.12 Applications and Plans

In addition to the requirements of any Building By-law, every application for a building permit shall be accompanied by a plan, in duplicate, drawn to scale and showing the following:

- (a) the true dimensions of the lot to be built upon or otherwise used;
- (b) the proposed location, height and dimensions of any building, structure or use proposed for such lot, including any water supply and sewage disposal facilities;

- (c) the proposed locations and dimensions of yards, landscaped open spaces, parking areas and loading spaces required by this By-law;
- (d) the location of all existing buildings or structures on the lot; and
- (e) a statement signed by the owner, disclosing the exact use proposed for each building, structure or use and giving all information necessary to determine if such proposed or existing building, structure or use conforms to the requirements of this By-law.

1.13 Interpretation

(1) Definitions

In this By-law, unless the context requires otherwise, the definitions set out in Section 2 hereof shall apply. Words not defined shall have the customary meaning or as defined in a standard dictionary.

(2) Singular and Plural Words and Genders

In this By-law, unless the context requires otherwise:

- (a) words used in the singular include the plural;
- (b) words used in the plural include the singular; and
- (c) words used in the masculine gender include the feminine and neuter.

(3) “Shall” is Mandatory

In this By-law, the word “shall” is mandatory.

(4) “Use” and “Occupy”

In this By-law, unless the context requires otherwise:

- (a) the verb “use” shall include “design to be used”, “arrange to be used”, “intend to be used”, and “permit to be used”; and
- (b) the verb “occupy” shall include “design to be occupied”, “arrange to be occupied”, “intend to be occupied”, and “permit to be occupied”.

- (5) Schedules to By-law which are attached hereto and described in this Section are hereby made a part of this By-law as fully and to all intents and purposes as though recited in full herein. Schedules may be referred to as the Zoning Maps:

Schedule 1 – Matilda Schedule 2 – Williamsburg Schedule 3 – Iroquois
 Schedule 4 – Morrisburg
 Schedule 5 – Matilda – North Hamlets Schedule 6 – Matilda – South Hamlets
 Schedule 7 – Williamsburg Hamlets Schedule 8 – Iroquois West

Schedule 9 – Lakeshore
Schedule 10 – Upper Canada West, and
Schedule 11 – Upper Canada East

(6) Interpretation of Zoning Boundaries

- (a) Boundaries of zones shall be construed wherever possible, to be concurrent with lot lines of a registered plan, property boundaries, centre lines of streets, street allowances, closed street allowances, rights-of-way for railways, hydro-electric transmission corridors or pipelines, lot or concession boundaries, or high water marks, water courses, regulatory floodlines or other conservation authority regulation lines or boundaries of registered plans. In the event that a street, lane, right-of-way or any portion thereof is closed and where such street or right-of-way was a zone boundary, the new zone boundary shall be the former centre line of the closed street, lane, or right-of-way.
- (b) Where the boundary of a zone appears to be parallel to a lot line, property boundary, a street, highway, lane or a street allowance, a closed street allowance or the right-of-way of a railway, hydro-electric transmission corridor or pipeline, such boundary shall be construed as being parallel to such feature at the distance determined by the scale of the applicable Schedule.
- (c) Where a zone boundary is indicated as approximately following a natural feature such as a height of land, ridge or contour line, the boundary shall be the natural feature. Where a zone boundary is shown to follow a shoreline, the high water mark and any changes thereto shall be taken to be the boundary. Where the boundary of an environmental protection zone, hazard zone or wetland zone, watercourse, top of bank, high water mark or similar environmental feature as interpreted in the field to the satisfaction of the conservation authority or the Ministry of Natural Resources varies from the limit shown on Schedule “A” to this By-law, the refined limit as interpreted in the field, shall be deemed to be the zone boundary, without the requirement for an amendment to the By-law.
- (d) Where a zone boundary is indicated as passing through undeveloped land, the said boundary shall be scaled from the applicable Schedules.
- (e) Where a zone boundary is indicated as approximately following Township or Settlement Area limits, the limits shall be the same as the noted limit.
- (f) Where none of the foregoing provisions apply and where appropriate, the boundaries shall be scaled from the applicable Schedules.

- (g) Where the boundary of a zone is represented on Schedules showing varied levels of detail, and such boundary is contested due to conflict, the boundary shall be deemed to be that as shown on the more detailed or smaller scale schedule.

(7) Multiple Uses

Unless otherwise prohibited by this By-law and provided all the applicable requirements of this By-law are satisfied, a lot, structure or building may contain more than one use permitted in the designated zone. Where any land or building is used for more than one purpose, use or zone, all provisions of this By-law relating to each use shall be complied with except as otherwise provided for in this By-law. Where there is conflict between the requirements of such uses (e.g. lot size, lot frontage or yards), the more restrictive requirements shall prevail.

(8) Lot Coverage Requirements

Unless otherwise provided, the maximum lot coverage requirements of any individual zone shall include the total area of a lot that can be covered by both main buildings and accessory buildings contained on the lot.

(9) Typographical Corrections

No amendment to this By-law shall be required in order for the Corporation to make typographical changes where, in the opinion of the Corporation, such corrections do not affect the intent of the By-law.

(10) References to Other Legislation and Agencies

Where this By-law makes reference to legislation of the Government of Ontario or the Government of Canada, such reference shall be deemed to include any and all amendments or successors or changes in the titles, numbering, or regulations thereunder. Where this By-law makes reference to the jurisdiction of a public agency and where the name or responsibilities of said public agency are changed, the said reference shall be deemed to include any and all successors to such public agency or legislation. Reference to MDS I or MDS II formulae shall be deemed to include the most current standards.

(11) Compliance with Zoning Requirements

The extent and boundaries of all zones are shown on the Schedules attached hereto. For all such zones, both the general provisions and specific zone provisions shall be met.

The provisions of this By-law shall be held to be the minimum (or maximum, where applicable) requirements adopted for the promotion of the public

health, safety, convenience and general welfare of the public. Nothing shall prevent any person from erecting a building or structure or from undertaking any development which exceeds the minimum requirements of this By-law.

(12) Zone Symbols

The short form symbols used on the Schedules attached hereto refer to individual zones used in the By-law and may be used when describing or making reference to any zone herein.

(13) Lots Split By More Than One Zone

Where a lot has more than one zone applying to it, each such portion of the lot shall be used in accordance with the provisions of this By-law for the applicable zones. Where the use or uses of a lot divided into two or more zones are permitted in all such zones, the more restrictive zone requirements shall apply.

(14) Calculation of Numerical Requirements

Where the application of this By-law results in a fraction the more restrictive requirement shall apply.

(15) Lots Affected By Government Action

Where a lot is reduced by a Government action such as road widening, property acquisition or expropriation and the resulting lot is below the minimum lot frontage or area for the zone, or a setback is no longer in conformity, or if any other provision of the By-law is no longer in conformity as a result of such action, the lot shall be deemed to be in conformity with the requirements provided all other applicable requirements of the zone and this By-law are satisfied.

(16) Prohibited Uses

With respect to any lands to which this By-law applies, all uses are prohibited unless specifically permitted in this By-law.

1.14 Repeal of Existing By laws

The following Zoning By-laws and all amendments thereto of the former Village of Morrisburg (38-81), the former Village of Iroquois (5-93), the former Township of Matilda (93-34), and the former Township of Williamsburg (23-80) enacted pursuant to Section 34 of the Planning Act, as they may affect the lands which are governed by this By-law, are hereby repealed and such repeal shall come into effect upon the date that this By-law comes into force.

1.15 Request for Amendment

Every request for an amendment to this Zoning By-law shall be accompanied by two (2) completed copies of the Corporation's "Application for Amendment to Zoning By-law".

1.16 Notes

Where "notes" are included in this By-law, they are provided for explanation purposes and do not form a part of this By-law.

SECTION 2 DEFINITIONS

For the purpose of this By-law, the definitions and interpretations given in this Section shall apply:

Home Industry shall mean a use which is clearly incidental or secondary to the residential use of a single detached dwelling house and is conducted either entirely within a single detached dwelling house or in an accessory building to a single detached dwelling house, by an inhabitant thereof. Such use may include a carpentry shop, a craft shop, an electrical shop, a small engine repair shop, a welding shop, a blacksmith shop or other similar use.

Home Occupation shall mean an occupation, trade, business, profession or craft carried on as an accessory use to the use of the dwelling and shall include the following:

- (a) instruction in or business involving music, academic subjects, religion, dancing, arts and crafts such as pottery, weaving, painting or sculpting, sewing, hairdressing or similar use;
- (b) business involving work conducted primarily in other locations, such as those operated by electricians, plumbers, carpenters or operators of commercial vehicles, including school buses, provided that the storage of commercial

vehicles, equipment or materials does not take place at the residence except in accordance with the provisions of the By-law;

- (c) business involving work conducted primarily in other locations, such as those operated by electricians, plumbers, carpenters, caterers or operators of commercial vehicles, equipment or materials does not take place at the residence except in accordance with the provisions of the By-law;
- (d) business involving the repair of small appliances, radios, televisions and similar items, skate or knife sharpening or similar uses;
- (e) an office used by a physician, dentist or other medical practitioner, an insurance agent, accountant, engineer, sales person, or a person engaged in a similar occupation;
- (f) business involving catering;
- (g) a bed and breakfast.

Hospital shall mean a Public or Private Institution as defined under the Public Hospitals Act and amendments thereto or under the Private Hospitals Act and amendments thereto.

Hotel shall mean a building designed or used for the accommodation of the travelling or vacationing public, containing therein more than five guest rooms served by a common building entrance. Accessory uses may include accommodation for permanent staff and one or more beverage rooms, dining rooms, meeting rooms or similar uses.

Industrial Uses

- (a) **Class I – Light Industrial Uses** shall mean a place of business for a small scale, self-contained plant, or building which produces, manufactures, assembles, or stores a product which is contained in a package and has a low probability of fugitive emissions, e.g. noise, odour, dust, and vibration. Such industries operate in the daytime only with infrequent movement of products and/or heavy trucks and no outside storage. Examples include: electronics manufacturing and repair, high technology industries, furniture repair and refinishing, beverage bottling, package, and crafting services, small scale assembly, auto parts supply.
- (b) **Class II – Medium Industrial Uses** shall mean a place of business for medium scale process and manufacturing with outdoor storage of wastes or materials (e.g. it has an open process) and where there are periodic or occasional outputs of fugitive emissions e.g. noise, odour, dust and/or vibration. Shift operations occur and there is frequent movement of products and /or heavy trucks during daytime hours. Examples include dry cleaning services, printing establishments, paint spray booths, welding shops, courier and transport services, heavy vehicle repairs, bulk fuel storage, raw product storage (aggregates, logs/lumber), warehousing, contractor's yard.
- (c) **Class III - Heavy Industrial Uses** shall mean a place of business for uses characterized as having emissions such as noise, smoke, odour, fumes, or

vibrations or extensive outside storage as part of their normal operations. Such uses include sawmills, pulp and paper mills, refineries, smelting operations, and similar uses which are intended to be secluded from residential or other sensitive land uses in order to limit any potential adverse effects on the environment or the surrounding areas and public health.

Intensive Livestock Operation shall mean an agricultural operation as defined in a Nutrient Management Plan By-law adopted by Council.

Kennel shall mean a building or structure where dogs are bred, boarded, groomed or trained, given medical treatment or housed for similar purposes for which compensation is paid and shall include a Humane Society shelter or pound.

Landscaped Open Space shall mean open space comprised of a combination of shrubs, flowers, trees, grass, bushes and other landscaping materials and may include space occupied by paths, walks, courts, patios and pools, but shall not include parking areas, traffic aisles, driveways or ramps for vehicles, or any open space beneath or within a building or structure.

Lane shall mean:

- (a) a subsidiary thoroughfare providing access from within a lot, principally from parking or loading spaces to a public street; or
- (b) a subsidiary public thoroughfare for the sole use of pedestrians and connecting public streets, open space or public buildings.

Laundromat shall mean a building or structure or part thereof containing two (2) or more washing machines and/or self-service dry cleaning machines and/or dryers for use by the public which is operated for a profit or gain.

Library shall mean a public building or structure where books, printed materials, electronic and other audio-visual resources may be read, consulted or borrowed.

Livestock shall mean dairy, beef, swine, poultry, horses, goats, sheep, ratites, fur bearing animals, deer and elk, game animals, birds, and other animals identified in Table 1 of the Minimum Distance Separation Formula Implementation Guidelines Publication 707 – Ministry of Agriculture, Food and Rural Affairs.

Loading Space shall mean a space or bay located on a lot which is used or intended to be used for the temporary parking of any commercial vehicle while loading or unloading goods, merchandise or materials used in connection with the use of the lot or any building thereon, and which has unobstructed access to a street or lane.

Lot shall mean a parcel or tract of land which is capable of being legally conveyed in accordance with the provisions of the Planning Act:

- (a) **Corner Lot** shall mean a lot situated at the intersection of two streets having an angle of intersection of not more than 135 degrees.
- (b) **Interior Lot** shall mean a lot situated between adjacent lots and having access to one street.

- (c) **Through Lot** shall mean a lot having street frontage on two opposite sides.
- (d) **Waterfront Lot** shall mean a lot which has no street access, but has water access on one shoreline only.

Lot Area shall mean the total horizontal area within the lot lines of a lot.

Lot Coverage shall mean the percentage of lot area covered by the ground floor area of all buildings located thereon.

Lot Frontage shall mean the width of a lot measured between the intersection of the side lot lines with a line back from and parallel to the front lot line, at a distance equal to the minimum required front yard.

Lot Line shall mean any boundary of a lot or the vertical projection thereof.

- (a) **Front Lot Line** shall mean in the case of an interior lot, the lot line dividing the lot from the street. In the case of a corner lot or a through lot where the lot lines abutting the streets are the same length, the lot line where the principal vehicular access to the lot is provided shall be deemed to be the front lot line. In the case of a corner lot where the street lines are joined by an arc, the shortest straight street line shall be deemed to be the front lot line. In the case of a corner lot where the street lines do not intersect at one single point, the shorter of the two street lines shall be deemed to be the front lot line. In the case of a waterfront lot, the shoreline shall be deemed to be the front lot line.
- (b) **Rear Lot Line** shall mean in the case of a lot having four or more lot lines, the lot line furthest from and opposite to the front lot line. If a lot has less than four lot lines, there shall be deemed to be no rear lot line.
- (c) **Side Lot Line** shall mean a lot line other than a front or rear lot line.
- (d) **Exterior Side Lot Line** shall mean a side lot line which is also a street line.

Marina shall mean a building, structure or place containing docking facilities and located on or abutting a waterbody, where boats and boat accessories are berthed, stored, serviced, repaired or kept for sale or rent and where the facilities for the sale of marine fuels and lubricants may be provided.

Marine Facility shall mean a non-commercial accessory building or structure having a maximum height of 5.0 m which is used to moor, berth or store a boat. This definition may include a boat launching ramp, boat lift, dock or boathouse but does not include any building used for human habitation or any boat service, repair or sales facility.

That Section 2 'Definitions' be amended by altering the definition for Marine Facility:

- a) Deleting "having a maximum height 5.0 m which is used for moor, berth or store a boat"
- b) Inserting "having a maximum height 8.0 m which is used for moor, berth or store a boat"

Mini Warehouse and Storage shall mean a building or part thereof wherein general merchandise, vehicles, furniture and household goods are stored in separately occupied, secured storage areas or lockers which are generally accessible by means of individual loading doors. Employees associated with such a use shall be limited to a facility manager and/or security personnel.

Mobile Home shall mean a prefabricated building which bears a CSA Z240 approval, which is designed to be towed on its own chassis (notwithstanding that its running gear is or may be removed), designed and equipped for year round occupancy and containing therein facilities for cooking or for the installation of cooking equipment as well as sanitary facilities, including a flush toilet and shower or bathtub. This definition shall not include a park model trailer or recreational vehicle as defined herein.

Mobile Home Park shall mean a lot developed and managed under single or corporate ownership which has been planned, divided into mobile home sites, improved and provided with approved water and sewer services and intended to be used for the placement of mobile homes for permanent residential use.

Mobile Home Site shall mean the space for the placement of one mobile home for the exclusive use of its occupants.

Motel shall mean a building or buildings designed or used for the accommodation of the travelling or vacationing public, containing therein more than five guest rooms, each guest room having a separate entrance directly from outside the building. Accessory uses may include accommodation for permanent staff and one or more beverage rooms, dining rooms, meeting rooms or similar uses.

Municipality shall mean the Corporation of the Township of South Dundas.

Nameplate Generating Capacity means the manufacturer's posted maximum generating capacity of a renewable energy system under optimal conditions.

Non-Complying shall mean a lot, building, or structure that does not meet the regulations of the Zone in which it is located as of the date of passage of this By-law.

Non-Conforming shall mean an existing use or activity on any land, building, or structure that is not a permitted use for the Zone in which it is located as of the date of passage of this By-law.

Nursery shall mean lands used for the growing of sod, flowers, bushes, trees or other gardening, landscaping or orchard stock for wholesale or retail sale.

Nursing Home shall mean a building used in accordance with the definitions in the Nursing Homes Act and amendments thereto.

School shall mean a school under the jurisdiction of a Board as defined in the Education Act.

Sensitive Land Uses shall mean buildings, amenity areas, or outdoor spaces where routine or normal activities occurring at reasonably expected times would experience one or more adverse effects from contaminant discharges generated by a nearby major facility. Sensitive land uses may be a part of the natural or built-up environment. Examples of sensitive land uses may include residences, education or health facilities.

Service Outlet shall mean a building or part of a building whether in conjunction with a retail store or not, articles or goods such as appliances, furniture or similar items may be repaired or serviced. This definition shall not include any manufacturing operation or establishment used for the service or repair of vehicles.

Setback shall mean:

- (a) with reference to a road, the distance between the centre line of a street allowance and the nearest building line.
- (b) with reference to a waterbody, the distance between the high water mark or the flood plain and the nearest building line.
- (c) with reference to a wind energy turbine, the distance between the closest edge of the turbine base and the lot line or feature.

Shopping Centre shall mean a group of commercial and service uses, which are permitted in the zone, and are designed, developed and managed as a unit having the required loading spaces and off-street parking provided on the site and which may include freestanding or attached buildings.

Sight Triangle shall mean the triangular space formed by the street lines of a corner lot and a line drawn from a point in one street line to a point in the other street line, each such point being 6 m from the point of intersection of the street lines (measured along the street lines). Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the projection of the street lines or the intersection of the tangents to the street lines.

Sign, Legal shall mean a name, identification, description, device, display or illustration which is affixed to or represented directly or indirectly upon a building, structure or lot which directs attention to an object, product, place, activity, person, institute,

organization or business and which does not contravene any By-law of the Corporation or the County, or any Regulation of the Government of Ontario or Canada.

That the definition for 'Sign, legal', in Section 2 'Definitions' be amended by inserting the following sentence following 'Government of Ontario or Canada':

"Where a sign is located on municipal property it shall be subject to the Municipal Sign By-law, while signs on private property, classified under the Ontario Building Code as a designated structure, shall be subject to the provisions of the Zoning By-law."

Site Alteration shall mean activities, such as grading, excavation and the placement of fill that would change the landform and natural vegetative characteristics of a site.

Sludge shall mean stabilized organic soil conditioning material produced by a sewage treatment plant.

Small Batch Brewery shall mean a place that offers an individual member of the general public the location, the material and the equipment with which to make beer or wine for that individual's own personal use.

Solar Energy System shall mean a renewable electrical generation facility that produces power from the sun using photovoltaic technology to provide all, or a portion of, the electrical power needs for a user or to feed into the transmission or local distribution grid. A solar energy system includes all arrays, supporting infrastructure, and outbuildings.

Storey shall mean that portion of a building, between the surface of any floor and the surface of the floor, ceiling or roof next above it.

(a) **First Storey** shall mean the lowest storey of a building, wherein the floor is generally at grade elevation and having its finished ceiling at least 1.8 m above finished grade.

Street shall mean a public thoroughfare under the jurisdiction of either the Corporation, the United Counties or the Province of Ontario. This definition shall not include a lane or private right-of-way.

(a) **Improved Street** shall mean a Municipal Road which has been assumed by the Corporation and is maintained on a regular year-round basis, or a Provincial Highway, or a County Road.

Street Line shall mean the boundary of the right-of-way of the street.

Structure shall mean anything constructed or erected, either permanent or temporary, the use of which requires location on the ground or attachment to something having location on the ground.

Swimming Pool (or simply a 'pool'), shall mean an artificially enclosed body of water, built either above or in the ground, intended for swimming or water-based recreation and shall include inflatable pools with a depth in excess of 0.61 metres.

Tavern shall mean a building with a bar that is licensed to sell alcoholic drinks.

Tent and Trailer Park shall mean a parcel of land which is used to provide temporary accommodation for the public in tents, trailers or recreational vehicles, including park model trailers but which are not used as a principle place of residence, in which the water supply and sewage collection and disposal services are not designed to function during the winter months and which are closed for the period of November 1 to May 1 of the following year.

Tent and Trailer Site shall mean a parcel of land within a tent and trailer park occupied by a tent or recreational vehicle.

Tourist Lodging Establishment shall mean premises or buildings to be used for the purpose of sleeping accommodation on a temporary basis by tourists or vacationers, including a hotel, motel, cabin, lodge or bed and breakfast, including accessory uses such as dining, meeting and beverage rooms and similar uses.

Transportation Depot shall mean an establishment where commercial vehicles are stored, repaired, washed, or maintained, including all administrative functions relating thereto, and may also mean an establishment for the distribution of goods or people in transit.

Turbine Height The height of a renewable energy system shall be measured from the base of the structure to the highest point of the structure. For instance, in the case of a typical horizontal axis wind turbine, the height is measured from the average ground level upon which the base/foundation sites to the tip of the rotor blade at its highest point.

Use shall mean the purpose for which any land, building, structure or any combination thereof is designed, arranged, occupied or maintained.

Utility shall mean a Public Utility as defined by the Public Utilities Corporation Act.

Vehicle shall mean an automobile, boat, commercial motor vehicle, farm implement, motorcycle, recreational vehicle, snowmobile or trailer.

Vehicle Sales or Rental Establishment shall mean an establishment having as its main use the storage of vehicles for sale or the storage of automobiles for rent or lease. Accessory uses may include facilities for the repair or maintenance of such vehicles.

Veterinary Establishment shall mean a building or part of a building used by a veterinary surgeon for treating domestic animals, birds or other livestock but shall not include a commercial kennel.

Volt shall mean the amount of 'pressure' required to transport electricity and push electrical energy through a wire. A measure of the Potential Difference between two points of an electrical field.

Warehouse shall mean a building used or intended to be used for the bulk storage of goods, commodities, wares, merchandise or materials.

Waste Management Site shall mean a place where ashes, garbage, refuse, domestic waste, industrial waste or municipal refuse is stored, processed, recycled, transferred, composted or disposed of. This definition shall not include a sewage treatment plant or lagoon.

Waterbody shall mean any bay, lake, natural watercourse, canal, municipal or other drain but does not include an irrigation channel.

Waterbody/Watercourse Setback shall mean the straight line horizontal distance from the top of the bank or the high watermark, whichever is greater, to the nearest part of any excavation, building, structure, or open storage use on the lot.

Water Frontage shall mean the horizontal distance defined by a straight line between the two most widely separated points on any one shoreline of a lot.

Watt shall mean a unit to describe the size of an electrical generation system. One megawatt (1,000 kilowatts or 1,000,000 watts), of electrical energy can supply the power needs of about 500 homes for a year. Watts of energy is the amount of electricity produced.

Wayside Pit or Wayside Quarry shall mean a temporary pit or a temporary quarry opened and used for the purpose of a particular project of road construction or maintenance and not located on the road right-of-way.

Wetlands shall mean lands that are seasonally or permanently covered by shallow water as well as lands where the water table is close to or at the surface. In either case, the presence of abundant water has caused the formation of hydric soils (soils in which there is an abundance of moisture) and has favoured the dominance of either hydrophilic or water tolerant plants. The four major categories of wetlands are swamps, marshes, bogs and fens.

Wholesale Establishment shall mean a building used or intended to be used for the bulk storage and sale of quantities of goods, commodities, wares, merchandise, or materials for resale or business use.

Wind Energy System shall mean a renewable electrical generation facility that produces power from wind primarily to provide all or a portion of the electrical power needs for a user or to feed into the transmission or local distribution grid. A wind energy system includes all supporting infrastructure, outbuildings and access roads.

Winery shall mean the use of land, buildings or structures for the processing of fruit, fermentation, production, aging and storage of wine and wine related products as a secondary use to the vineyard, where the fruit used in the production of the wine shall be predominately from the vineyard located on the same land as the winery. Accessory uses shall include:

- (a) Licensed retail outlet
- (b) Winery office (
- c) Laboratory

- (d) Restaurants
- (e) Banquet halls
- (f) Conference facilities
- (g) Bed and breakfast establishment
- (h) Dwelling

Wrecking Yard shall mean an establishment or premises where derelict, discarded, abandoned or inoperable motor vehicles or other equipment are stored wholly or partly in the open and may include a salvage yard. A wrecking yard may also include an area for recycling of tires.

Yard shall mean an open, uncovered space appurtenant to a building or structure.

- (a) **Front Yard** shall mean the space extending across the full width of a lot between the front lot line and the nearest part of any main building or structure on the lot.
- (b) **Rear Yard** shall mean a space extending across the full width of a lot between the rear lot line and the nearest part of any building or structure on the lot.
- (b) **Side Yard** shall mean a yard extending from the front yard to the rear yard between the side lot line and the nearest part of any main building or structure on the lot.
- (d) **Exterior Side Yard** shall mean a side yard immediately adjacent to a street.
- (e) **Interior Side Yard** shall mean a side yard other than an exterior side yard.

Zone shall mean:

- (a) a land use category as defined and regulated in this By-law; or
- (b) a designated area of land use shown on the Schedule of this By-law.

Zoning Administrator shall mean the officer or employee of the Corporation charged with the duty of enforcing the provisions of this By-law or his delegate.

SECTION 3 GENERAL PROVISIONS

3.1 Accessory Uses

Accessory uses, buildings or structures shall be permitted in any zone in accordance with the relevant provisions of this By-law and the following:

- (a) In a Residential Zone or on a lot in another zone, having a residential use, the following provisions will apply for buildings and structures which are accessory to the residential use:
 - accessory buildings or structures shall not be located within any minimum Front Yard or minimum Exterior Side Yard, except as specifically permitted in this By-law;
 - accessory buildings or structures shall not be located closer than 1.5 m to any Interior Side or Rear Lot Line and shall not exceed 6 m in height;
 - accessory buildings, structures or garages with a common wall shall require no minimum Side or Rear Yard;
 - accessory buildings or structures shall not occupy more than 10% of the total Lot Area. Such accessory buildings or structures shall be included as part of the total Lot Coverage permitted in the zone requirements;
 - heat pumps and air conditioners shall not be permitted within a minimum Interior Side Yard;
 - an accessory garage which gains its access from a rear lane shall be set back 1.0 m from the rear lane.
- (b) In all other zones, accessory buildings and structures shall conform to the requirements of the particular zone.
- (c) For marinas and marine facilities, there shall be no minimum yard required for the yard adjacent to the water.
- (d) Any building or structure which is attached to the main building will not be considered accessory for the purposes of this By-law.
- (e) Renewable Energy Systems are developed in accordance with Section 3.30 of this By-law.
- (f) An outdoor furnace shall be permitted as an accessory use provided:
 - it is located in a Rural, Residential Waterfront or Agricultural Zone;
 - the outdoor furnace shall comply with zoning standards for the main building and one hundred metres (100 m) from any dwelling on an adjacent lot or

fifteen and twenty-four one hundreds metres (15.24 m) from any building on the same property;

- not more than one outdoor furnace shall be permitted on a lot, except where it serves a permitted accessory dwelling or an agricultural building on lands used primarily for agricultural purposes
- any additional requirements as set out in the Municipality's outdoor furnace By-law shall be satisfied.

(g) Accessory Apartments (i.e., basement apartments, in-law suites)

Any accessory apartment shall be developed in accordance with the following provisions:

- an accessory apartment shall only be permitted within single-detached or semi-detached dwellings
- there shall be a limit of one accessory apartment per single detached dwelling or semi-detached dwelling
- parking for the accessory apartment shall be in accordance with Section 3.27 of this By-law
- the minimum floor area of an accessory apartment shall be 32 square metres
- where permitted in this By-law the dwelling unit area of the said accessory apartment shall not exceed 25% of the total floor area of the building.

That Section 3 'General Provisions' be amended by removing subsection 3.1 (g) Accessory Apartments.

3.2 Adult Entertainment Parlours - General Development Standards

- (a) No Adult Entertainment Parlour shall be located within 500 metres of any Residential Zone. This distance shall be measured from the property line of a potential Adult Entertainment Parlour to the Residential Zone boundary.
- (b) No Adult Entertainment Parlour shall be located within 500 metres of any school, church, day-care, public library, community centre or public park.
- (c) No Adult Entertainment Parlour shall be permitted to locate on a lot having frontage on a Major Arterial Road.
- (d) An Adult Entertainment Parlour must be located within a freestanding building, and shall not be permitted to locate in a multi-tenant building.

3.3 Bed and Breakfast

Where Bed and Breakfast Establishments are permitted in this By-law, and notwithstanding any other provisions of this By-law to the contrary, the following provisions shall apply:

Lot Area (minimum):

- (a) up to four guest rooms:
with full municipal services:
700 m² with piped water
supply: 1500 m² with
individual services: 3000 m²

3.4 Buildings to be Moved

No building or structure shall be moved within the limits of the Township or shall be moved from outside the Township into the Township unless the building or structure is a permitted use and satisfies all the requirements of the zone in which it is to be located and then only after a building permit has been obtained from the Chief Building Official.

3.5 Bulk and Fuel Storage Tanks

No bulk or fuel storage tank shall be permitted unless it is double walled or is placed in an impervious containment facility which is capable of containing the entire contents of the fuel storage tank in the event of a spill or in accordance with the current provisions of the Technical Standards and Safety Act. This provision shall not apply to domestic fuel oil tanks located inside a dwelling.

3.6 Commercial Patios

Notwithstanding any provisions of this By-law, an outdoor commercial patio accessory to a permitted restaurant use may be permitted and shall comply with the following:

- (a) The outdoor patio shall not provide more than fifty percent (50%) of the seating accommodation permitted under the Liquor License Act to the restaurant or seating accommodation or more than fifty (50) persons.
- (b) No outdoor patio shall be permitted on a lot where the lot line abuts a Residential Zone or residential use.
- (c) That portion of a lot on which the outdoor patio is permitted shall not be used for commercial entertainment or commercial recreation including live or recorded music or dance facilities.
- (d) Parking requirements for seating in the outdoor patio area shall be satisfied unless a variance has been obtained from the Committee of Adjustment or alternative arrangements have been made through the Parking or Cash-in-Lieu By-law.
- (e) No part of the outdoor patio shall be located on a public right-of-way or sidewalk unless the permission of the Municipality has been obtained.

3.7 Corner Lot Sight Lines

Notwithstanding any provisions of this By-law to the contrary, within any area defined as a sight triangle, the following uses shall be prohibited:

- (a) a building, structure or use which would obstruct the vision of drivers of motor vehicles;
- (b) a fence or tree, hedge, bush or other vegetation, other than agricultural crops, the top of which exceeds 1.0 m in height above the elevation of the centreline of abutting streets;
- (c) a parking area;
- (d) a finished grade which exceeds the elevation of the centreline of abutting streets by more than 0.5 m.

3.8 Cumulative Standards

Where more than one use is permitted on any lot, the requirements of this By-law with regard to parking and loading requirements shall be cumulative.

3.9 Established Building Line in Built-Up Area

Notwithstanding the yard and setback provisions of this By-law to the contrary, where a permitted building is to be erected on a lot in a built-up area where there is an established building line, such permitted building may be erected closer to the street line or centreline of the street as the case may be, than required by this By-law provided such permitted building is not erected closer to the street line or centreline of the street as the case may be, than the established building line.

3.10 Frontage on an Improved Street

No building or structure shall be erected in any zone for any purpose other than a non-residential building or structure accessory to a permitted agricultural, forestry or conservation use unless the lot on which such building or structure is located has the minimum frontage on an improved street. This provision shall not apply to a lot on a registered plan of subdivision where an agreement between the owner and the Corporation which includes provisions for the construction and maintenance of the streets is registered in the Registry Office or Land Titles Offices.

3.11 Garden Suites

Where permitted by this By-law, a garden suite shall be subject to the following provisions:

- (a) Driveway access to both the main dwelling and the garden suite shall be limited to one access, so that no new entrance from the street shall be created.

- (b) The siting of a garden suite shall be in accordance with the provisions for accessory uses.
- (c) The maximum gross floor area shall be ninety-three square metres (93 m²).
- (d) The maximum height shall be one storey, and shall not exceed four and one-half metres (4.5 m).
- (e) No garden suite shall be located closer than three metres (3 m) to the main residence on the lot or any building on an abutting property.
- (f) Only one garden suite may be established per lot.
- (g) All garden suites shall be provided with adequate water supply and sewage disposal systems.
- (h) All garden suites shall be established as a temporary use pursuant to Section 39 of the Planning Act.

3.12 Group Homes

Notwithstanding any other provisions of this By-law to the contrary, Group homes as defined in this By-law shall be permitted in accordance with the following:

- (a) Group home - Type A includes group homes other than those for young offenders or adult offenders.

Group home - Type B includes group homes for young offenders or adult offenders.
- (b) Group homes - Type A shall be permitted in the following zones:
 - any Residential Zone,
 - Institutional Zone; and
 - Rural Zone

Group homes - Type B shall be permitted in the Institutional Zone.
- (c) The number of Group homes in the municipality shall not exceed one per 1000 population.
- (d) Not more than one Group home – Type B shall be permitted in the municipality.
- (e) No Group home shall be permitted within 1 km of another Group home.
- (f) A minimum of one parking space shall be provided for every two Group home residents according to the licensed or approved capacity of the Group home.

3.13 Height Exceptions

Where height limitations are set forth in this By-law, such limitations shall not apply to water tanks, flagpoles, lightning rods, lighting standards, ventilators, skylights, mechanical equipment penthouses, antennae, church steeples, belfries, clock towers, chimneys, silos, grain elevators, electrical supply facilities, solar panels and communications facilities. Notwithstanding the foregoing, limitations prescribed by the Federal Ministry of Transport or practices recommended by the Ministry with respect to height limitations and appropriate lighting in the vicinity of airfields shall prevail.

3.14 Home Industries

Home Industries shall only be permitted in the Agricultural Zone (A), and in the Rural Zone (RU) in accordance with the following provisions:

- (a) No more than 20% or 40 m² of the total floor area of the dwelling, whichever is the lesser, shall be used for the purpose of a Home Industry.
- (b) Accessory buildings may be erected, altered or used for the purpose of a Home Industry provided that no more than 50 m² of the gross floor area of all accessory buildings shall be used for the purpose of Home Industry uses and provided it is located a minimum of 15 m from any lot line and a minimum of 45 m from a dwelling located on another lot.
- (c) No more than one person, other than a member of the family residing on the premises, shall be engaged in the Home Industry.
- (d) There shall be no external display or advertising other than a legal sign, not more than 1 m² in area to identify the Home Industry but such sign shall be located a minimum of 7.5 m from a Front Lot Line or an Exterior Side Lot Line.
- (e) The activity shall not create or become a nuisance in regard to noise, odour, vibration, traffic or parking.

3.15 Home Occupations

- (a) Residential

Home Occupations shall be permitted accessory to any permitted residential zones in accordance with the following provisions:

- The business is conducted by a member of the family residing on the premises.
- No more than two persons, other than family members shall be engaged in the business.
- Not more than 25% or 40 m² of the total floor area of the dwelling, whichever is the lesser, shall be used for such purposes.

- There shall be no external display or advertising other than a legal sign, indicating to persons outside, that a part of the dwelling house or dwelling unit is being used for a purpose other than residential. Such sign may be no more than 0.5 m⁵ in area and shall be located either on the dwelling or as a freestanding sign which is located no closer than 5 m to the front lot line.
- The only retail sales permitted shall be for those products substantially made on site or which are accessory and essential to the business.
- Where instruction is carried on, no more than five pupils are in attendance at one time.
- The activity shall not create or become a nuisance, in regard to noise, odour, vibration, traffic or parking.
- No mechanical or electrical equipment shall be used except that reasonably consistent with the use of a dwelling.
- One parking space per 20 m⁵ of floor area used for the Home Occupation and one parking space for an employee shall be provided in addition to the required parking for the residential use.
- An accessory structure not more than 20 m² in floor area may be used as storage.

(b) Rural and Agricultural

Rural Home Occupations shall be permitted accessory to any residential use in a Rural or Agricultural Zone. Any such use shall conform to the following provisions:

- The business is conducted by a member of the family residing on the premises.
- No more than two persons, other than family members, shall be engaged in the rural Home Occupation.
- The only retail sales allowed shall be for those products substantially produced or made on site or which are accessory and essential to the business.
- No more than 25% of the floor area of the dwelling unit and no more than 50 m⁵ in one accessory building shall be used for the rural Home Occupation.
- Open Storage may be permitted for the rural Home Occupation provided such storage is a minimum of 15 m from any lot line and a minimum of 45 m from a dwelling located on another lot.
- One parking space per 20 m⁵ of floor area used for the rural Home Occupation plus one parking space per employee shall be provided in addition to any other required parking spaces.
- One sign, not more than 1 m⁵ in area, may be permitted to identify the rural Home Occupation but such sign shall be located a minimum of 7.5 m from a Front Lot Line or an Exterior Side Lot Line.

- Not more than 20 m² of floor area in one accessory building is used for the home occupation and only if such accessory building is located a minimum of 3 m from all lot lines.

3.16 Intensive Livestock Operations

(a) General

Notwithstanding any provisions of this By-law to the contrary, the establishment of a new Intensive Livestock Operation or the expansion of an existing Intensive Livestock Operation in an Agricultural (A) Zone may be permitted subject to the following:

- that the operation, including the manure storage and livestock facilities, shall conform with the Minimum Distance Separation II (MDS II); and
- that the said facilities are constructed in accordance with an approved Nutrient Management Plan.

(b) Nutrient Management Plan

No livestock operation or manure storage facility shall be established or enlarged until a Nutrient Management Plan is completed to the satisfaction of the Municipality.

3.17 Keeping of Livestock

The keeping of livestock shall only be permitted in the Rural (RU) Zone, or Agricultural (AG) Zone subject to Minimum Distance Separation Requirements and other applicable provisions of this By-law.

3.18 Kennels

Notwithstanding the yard and setback provision of this By-law to the contrary, no kennel shall be erected or established, after the day of the passing of this By-law, within three hundred metres (300 m) of a dwelling located on another lot. Notwithstanding this section, a dwelling may be constructed within three hundred metres (300 m) of an existing kennel if all other provisions of this By-law are complied with.

3.19 Landscaped Open Space

- (a) Where, in a yard in any zone, a required parking area providing more than four (4) parking spaces abuts a lot in a Residential Zone, then a continuous strip of landscaped open space a minimum width of 3 m shall be provided along the abutting lot line.
- (b) Where, in any yard in any zone, a required parking area providing more than four (4) parking spaces abuts a street, then a strip of landscaped open space a minimum width of 3 m shall be provided along the lot line abutting the street and the landscaped strip shall be continuous except for driveways required for access to the parking area.

- (c) In any zone, any portion of any front yard which is not used for any other permitted purpose shall be devoted to landscaped open space.
- (d) Any land used for landscaped open space shall be included in the calculations of lot area, yard requirements, etc. as set forth in this By-law.

3.20 Loading Requirements

The owner or occupant of any lot, building or structure located in an Industrial or Commercial Zone which involves the regular receiving, shipping, loading or unloading of animals, goods, wares, merchandise or raw materials shall provide and maintain on the lot occupied by the building or structure, loading spaces in accordance with the following regulations:

(a) Number of Spaces Required

The number of loading spaces provided shall be in accordance with the floor area of the building or structure as follows:

Floor Area of Building	Number of Loading Spaces
Commercial Uses:	
Less than 200 m ² :	None
200 m ² to 1000 m ²	1
Over 1000 m ²	1 plus 1 ₂ additional space for each additional 1000 m ² of floor area or part thereof.
Industrial Uses:	
Less than 400 m ²	None
400 m ² to 2000 m ²	1
Over 2000 m ²	1 plus 1 ₂ additional space for each additional 2000 m ² of floor area or part thereof.

(b) Size of Loading Space

Each loading space shall be at least 13 m long, 3.6 m wide and have a vertical clearance of 4.2 m.

(c) Location

The required loading spaces shall be provided on the lot occupied by the building or structure for which the spaces are required and such space shall not form part of any street or required parking area, and shall not be located within a required Front Yard or Exterior Side Yard.

(d) Access

Access to loading spaces shall be by means of a lane at least 3.5 m wide for one way traffic and 6.0 m wide for two way traffic and located on the same lot. Access to loading spaces shall not pass through a Residential Zone.

(e) Additions to Buildings

The loading space requirements shall not apply to any building or structure in existence at the date of passing this By-law so long as the floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the floor area, then additional loading space shall be provided as required in Section 3.18 (a) for such addition.

(f) Surfaces

Access lanes and loading spaces shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles.

3.21 Municipal Services

No person shall hereafter erect and use in whole or in part any main building for any purpose in any zone within the limits of the former Village of Morrisburg and the Village of Iroquois, or as shown on Schedules 3 and 8 to this By-law, unless it is connected to the municipal water supply and sanitary sewer systems. All dwellings on Fairholme Drive and Stewart Drive must be developed on municipal water services.

3.22 Non-Conforming Uses

(a) Continuance of Existing Uses

Nothing in this By-law shall prevent the use of any land, building or structure for any purpose prohibited by the By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of the By-law, so long as it continues to be used for that purpose. If a non-conforming building should be damaged by any cause beyond the owner's control, nothing in this By-law shall prevent such a building from being restored and strengthened to a safe condition, provided the height and bulk are not increased and provided that reconstruction or restoration is commenced within 24 months of the date on which the damage took place.

(b) Repair of Existing Buildings

Nothing in this By-law shall prevent the strengthening to a safe condition of any building or structure or part of any building or structure which does not conform with the provisions of this By-law, provided such alteration or repair does not increase the height, size or volume or change the use of such building or structure.

(c) Less than Minimum Yard Requirements

Where a building or structure which is a permitted use in the zone has been erected prior to the date of passing of this By-law on a lot having less than the minimum Front, Side or Rear Yard required by this By-law, the building or structure may be enlarged, reconstructed, repaired or renovated provided that:

- the enlargement, reconstruction, repair or renovation does not further reduce the Front, Side or Rear Yard having less than the minimum required by this By-law; and

- all other applicable provisions of this By-law are complied with.

(d) Prior Building Permits

Nothing in this By-law shall prohibit the erection of a building or structure for which a building permit has been issued prior to the date of passing of the By-law, provided that the erection of such building or structure is commenced within two (2) years and such building or structure is completed within a reasonable time after the erection thereof is commenced.

(e) Undersized Lots

Where a lot having less than the minimum Frontage or Area required by this By-law, exists on the date of passing of the By-law is increased in Frontage or Area but still does not meet the minimum Frontage or Area requirements of this By-law, or has the Lot or Frontage reduced by expropriation after the date of passing of this By-law, such lot may be used for a purpose permitted in the zone in which it is located provided that all other applicable provisions in this By-law are met.

(f) Accessory Buildings

Nothing in this By-law shall prevent the erection of a building accessory to an existing non-conforming use provided that such accessory building conforms to all relevant provisions of this By-law.

(g) Less than Required Floor Area

Nothing in this By-law shall prevent an extension or addition being made to a permitted dwelling which existed at the time of passing of this By-law but which has a floor area or dwelling unit area less than that required by this By-law, provided such extension or addition does not contravene any other provision of this By-law.

(h) Change of Use

The use of any lot, building or structure which is not permitted in the zone in which it is located, shall not be changed except to a use which is listed as a permitted use in such zone or to a use which is authorized by the Committee of Adjustment pursuant to its powers under the *Planning Act*.

(i) Severance of Lots

Nothing in this By-law shall prevent the lawful severance of a lot, or the registration of more than one declaration and description pursuant to the Condominium Act, upon which is erected any building or buildings shall be deemed to conform with the provisions of this By-law, as amended, or any predecessor thereof, and the building(s) shall be deemed to be erected on one lot for the purpose of construing and administering this By-law.

The above shall not apply if the severed lots comply with this By-law or if any minor variances are granted and all other provisions pertaining to the lots are met.

The owners of each part of the lot referred to above shall be required to concur in any application for relief from municipal By-laws and regulations applicable to the said lot.

Note: This clause is to be used to permit the severance and sale of individual dwellings in a semi-detached, row dwelling or in condominium developments where the individual dwelling does not meet the requirements of the zone, but the complete development does meet the requirements (i.e., the two units that make up a semi-detached conforms to the By-law, but one of the units on its own does not meet the tests for Frontage, Area or Setbacks).

3.23 Occupancy Restrictions

Human habitation shall not be permitted in any of the following buildings, structures or parts thereof:

- (a) any private garage or other building which is accessory to a residential use;
- (b) any truck, bus, recreational vehicle, coach or streetcar body whether or not the same is mounted on wheels;
- (c) any building or structure before the main walls and roof have been erected and the kitchen, heating and sanitary conveniences have been installed, provided all other minor works shall be completed within one (1) year of the date of occupancy inspection;
- (d) any trailer.

3.24 Open Storage

Open storage shall be permitted in a Highway Commercial, Tourist Commercial, Rural Commercial, General Industrial, Rural Industrial, Agricultural, Rural, Wrecking Yard, Waste Management, Mineral Aggregate Pit or Mineral Aggregate Quarry Zones in accordance with the following:

- (a) the Open Storage is accessory to the principal use of the lot;
- (b) Open Storage, as defined in this By-law, shall not be permitted within any minimum Front or minimum Exterior Yard, or in any other Side or Rear Yard where the Side or Rear Lot Line abuts any Residential or Institutional Zone;
- (c) a strip of Landscaped Open Space, a minimum of three (3) metres in width shall be provided around all Open Storage areas;
- (d) where Open Storage areas abut Residential or Institutional Zones, the required landscaped open space must also include solid visual screening (minimum height of 1.5-1.8 m). Any combination of plant materials, landscaped berms or fencing may be used;
- (e) any areas used for Open Storage shall be in addition to any minimum off-street parking or loading areas required by this By-law;

- (f) no Open Storage shall be permitted in a General Commercial (CG) or Local Commercial (CL) Zone except for commercial vehicles in operating condition which are essential to the permitted use.

3.25 Outdoor Illumination

Outdoor illumination of buildings, structures or yards including parking areas shall be permitted provided the fixtures are so designed and installed that the light is directed away from adjacent lots and public streets and is directed downwards.

3.26 Park

A public park is permitted in all zones.

3.27 Parking Requirements

In all zones except the General Commercial Special (CGS) Zone, the owner or occupant of any building or structure erected, enlarged or changed in use after the passing of this By-law, shall provide off street parking in accordance with the following provisions:

- (a) Number of Spaces Required:

Use of Building or Lot	Parking Required
Any building containing 1 or 2 dwelling units	2 parking spaces, or 2 garages, or 1 space and 1 garage per unit.
Any building containing more than 2 dwelling units	1.5 parking spaces per dwelling unit, except for Senior Citizens' Housing which shall require 0.25 parking spaces per
Offices, including professional offices, shopping centres and	1 parking space for each 20 m ² of floor area;
Schools	Elementary: 1.5 parking spaces for each teaching classroom Secondary: 4 parking spaces for each teaching classroom.
Convenience stores, retail stores and service outlets	1 parking space for every 20 m ² of floor area;
Restaurant	1 parking space for every 4 persons to be accommodated according to maximum permitted capacity.
Hotels and motels	1 parking space per guest room or suite, plus 1 additional parking space for every 9
Religious institutions, theatres, arenas, halls, clubs, recreational establishments	Where there are fixed seats, 1 parking space for every 5 seats or 6 m of bench
places of assembly	where there are no fixed seats, 1 parking space for each 20 m ² of floor area devoted to public use.
Hospitals, nursing homes and welfare institutions	1 parking space for each 3 beds.

Industrial uses	1 parking space for every 70 m ² of floor area up to 2000 m ² plus 1 additional space for every 200 m ² of floor area
Adult Entertainment Parlour	1 space for every 3 persons to be accommodated according to maximum permitted capacity, or 1 space for every 4 m ² of floor area, whichever is greater.
Agricultural use	None
Any use other than those specified	1 parking space for each 25 m ² of floor area

That Section 3 'General Provisions' be amended as follows: That Section 3.27 'Parking Requirements' (a) be amended by inserting the following to the Table provided:

Additional Residential Unit	1 parking space for additional residential unit
-----------------------------	---

That Section 3.27 'Parking Requirements' (a) Number of Spaces Required be amended by inserting the following to Table provided:

Short-Term Rentals	1 parking space for each guest room for rent
--------------------	--

(b) Size of Parking Space

Every parking space shall have dimensions of at least 2.75 m by 5.5 m and be provided with unobstructed access to a street by a driveway, aisle, or lane. Notwithstanding this provision, for residential uses vehicles may be parked in tandem.

(c) Cumulative Standards

Where two or more uses are permitted in any one building or on any one lot, then the off-street parking requirements for each use shall be calculated as if each use is a separate use and the total number of off-street parking spaces so calculated shall be provided, except in the case of a shopping centre which shall be calculated in accordance with Section 3.25(a).

(d) Location

Required parking in a Residential Zone shall be provided on the same lot as the dwelling unit. In all other zones, the required parking shall be provided within 150 m of the building it is intended to serve and no part of any parking area required for a use other than Residential shall be permitted in a Residential Zone. Where required parking is not provided on the same lot, the lot or part of the lot where the parking is located shall be in the same ownership or be leased by a long term renewable agreement and the parking spaces shall be retained for the duration of the use.

In an Industrial Zone, parking areas shall be located in Side or Rear Yards only, except that visitor parking may be permitted within a Front Yard.

(e) Access to Parking Areas and Aisles

The parking area and approaches shall be surfaced with concrete or asphalt or crushed stone in order to prevent the raising of dust or loose particles.

Access driveways designated for two-way traffic shall be not less than 6 m in width. Separate entrance and exit driveways shall be not less than 3.6 m in width.

Access to parking areas for commercial or industrial uses shall not pass through a Residential Zone.

Aisles designated for two-way traffic shall be not less than 6 m in width. Aisles designated for one-way traffic shall be not less than 3.6 m in width.

(f) Commercial Vehicles

Commercial vehicles shall not be parked within any Residential Zone or on a lot in a Rural Zone except for the purpose of delivery of goods, wares and merchandise when delivery is carried on in the ordinary course of business. In the Residential Zone, the one commercial vehicle having a gross vehicle weight of less than 2 tonnes may be allowed per dwelling unit. In a Rural Zone, the one commercial vehicle having a gross vehicle weight of more than 2 tonnes may be allowed per dwelling unit.

(g) Drainage

Provision for drainage facilities shall be made in compliance with the requirements of the Municipality.

(h) Additions to Buildings

The parking space requirements shall not apply to any building or structure in existence at the date of passing of this By-law so long as the floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the floor area, then parking space for the addition shall be provided as required by Section 3.27 (a) of this By-law.

(i) Buffering

Landscaped open space shall be provided in accordance with the provisions of Section 3.19 of this By-law.

3.28 Public Uses

Any land may be used and any building or structure may be erected or used for the purpose of a public use provided that:

- (a) the Lot Coverage, Setback and Yard requirements prescribed for the zone in which such land, building or structure is located shall be complied with, except for linear transmission facilities for gas, telephone, cable and electric power (i.e., poles, lines and similar elements);
- (b) no open storage of goods, material, or equipment shall be permitted except in accordance with the zone provisions;
- (c) any building or structure erected in a Residential Zone under the authority of this paragraph shall be designed and maintained in general harmony with the residential buildings.

3.29 Railway Crossings and Sight Distance

Where any road or street crosses a railway at the same grade, no building or structure shall hereafter be erected closer to the point of intersection of the centre line of both the railway and the road or street than 30 m where automatic signal protection is provided and 45 m where no automatic signals are provided.

3.30 Renewable Energy Systems

3.30.1 For the purposes of this By-law, and notwithstanding any other provisions of this By-law, Renewable Energy Systems are defined as follows:

- (a) Wind Energy Systems
 - A wind energy system with a nameplate generating capacity that does not exceed 3 kilowatts and has a maximum turbine height, including the blades, of 17 m. A micro scale wind energy system is generally ancillary to the principal permitted use.
 - The electricity produced by micro scale wind energy systems may be used on site or credited into the Provincial electricity grid to offset the electricity consumption costs incurred by the principal use on the property.
 - Does not require a Renewable Energy Approval.

Note: An example of a micro scale system includes a turbine mounted on a freestanding pole, with or without guy wire support that supplements the electricity needs of the principal use.

- (b) Solar Energy Systems
 - Solar energy systems are ground installed facilities that cover less than 20,000 m² of land or facilities that are incorporated into existing or proposed buildings used principally for another use. Building mounted facilities can be unlimited in size.

- The electricity produced by small scale solar energy systems may be used on site or credited into the Provincial electricity grid to offset the electricity consumption costs incurred by the principal use on the property.
- Does not require a Renewable Energy Approval.

Note: An example of a small scale solar energy system includes a photovoltaic array that supplements the electricity needs of the principal use.

3.30.2 For the purposes of this By-law the installation of a renewable energy system shall be in accordance with the following provisions:

- (a) Wind turbines shall demonstrate that the shadow flicker experienced at any point of perception, which shall be considered to be a residential use within 30 metres will not exceed 30 hours per year or 30 minutes per day (based on worst case scenario) as a result of the operation of a wind turbine energy system.
- (b) Building permits for all renewable energy systems shall be referred to NAV Canada to ensure the size and siting of the proposed facility does not impact on radar installations
- (c) No wind energy system shall be permitted within 600 m of the St. Lawrence Seaway.
- (d) Building permits for renewable energy systems within 1 km of the boundary at an airport shall be referred to Transport Canada for obstacle and lighting, including reflection clearance.
- (e) Building permits for all renewable energy systems within 1 km of the boundary of any airport shall refer to the airport operator in order to ascertain specific aeronautical requirements as a result of Canadian Aviation Regulations and any applicable Airport Zoning Regulation.
- (f) No advertising sign or logo shall be visible on any renewable energy system.
- (g) Wind energy systems must be set back from a Provincial Highway or controlled access highway a minimum distance equal to 1.25 times the height of the turbine.
- (h) Building permits for renewable energy systems shall be referred to the Ontario Ministry of Transportation, whose area of permit control extends 45 metres from the limit of a Provincial Highway or controlled access highway or within 395 metres of the centre point of an intersection with a Provincial Highway.
- (i) Wind Energy Systems will be set back a minimum 1.25 times the Turbine Height from any road and public right-of-way and one times the Turbine Height from properties not part of the development.
- (j) Any renewable energy system will be removed if it ceases producing power for more than one year.

- (k) All parts of a renewable energy system will be contained within the setbacks for main buildings of the zone, or in accordance any other provision of this by-law, whatever is greater.
- (l) Wind Energy Systems are to be consistent with Ministry of Environment Publications 4709e (Interpretation for Applying MOE NPC Technical Publications to Wind Turbine Generators, Version 1) or any future amendment thereof.
- (m) Solar energy systems shall be building mounted in all residential zones.
- (n) Solar energy systems shall be building mounted in all zones in settlement areas.
- (o) Building mounted renewable energy systems shall not extend greater than 3 m off an existing structure in any direction and shall not encroach into a required yard.
- (p) Maximum lot coverage: 10% more than the maximum site coverage established in the existing zone.
- (q) Maximum height: For all zones except Residential, 3 m more than the maximum height permitted in the underlying zone. For Residential zones, 1 m more than the maximum height permitted in the underlying zone.
- (r) Setbacks to all property lines: Setbacks already established in the applicable zone plus 1 m.
- (s) Freestanding Wind Energy Systems (including those using guy wires) are permitted in all zones.
- (t) Building Mounted Wind Energy Systems (including those using guy wires) are permitted in all zones.
- (u) Building Mounted Solar Energy Systems shall be permitted in all zones.
- (v) Freestanding Solar Energy Systems shall be permitted in all zones.

3.31 Separation Distances

Notwithstanding any provision of this By-law to the contrary, new dwellings will be prohibited in the following locations:

- within 150 m of any land zoned Wrecking Yard or for wrecking yard purposes
- within 500 m of any land zoned Waste Management

(b) Temporary Storage or Parking

In any Residential Zone, the parking or storage of a boat, recreational vehicle or snowmobile may be permitted for a period of not more than 72 hours in any one calendar month in a minimum Front Yard or minimum Exterior Side Yard, provided that the said vehicles are not parked or stored within a sight triangle.

3.36 Swimming Pools

(a) General

Notwithstanding any other provisions of this By-law to the contrary, in association with a permanent residential use, a swimming pool and structures in conjunction with such a swimming pool may be erected and used in the Interior Side or Rear Yard provided that:

- No part of such swimming pool shall be located closer than one (1) m to any Rear or Side Lot line.
- No water circulation or treatment equipment such as pumps or filters shall be located closer than five (5) m to any Rear or Side Lot line.
- When located within ten (10) metres of a neighbouring habitable dwelling, water circulation machinery shall be suitably enclosed to reduce or divert noise away from such habitable dwelling.
- Any building or structure, other than the main building, required for changing clothing or for pumping or filtering facilities, or other similar accessory uses, shall be in accordance with the provisions applicable to accessory buildings on such lot.
- An applicant for a permit to construct a swimming pool shall prepare a plan of the proposed swimming pool, complete with specifications showing the dimensions of the pool, its location on the lot and a plan depicting the fencing and gate(s) that will surround the pool, as well as the written consent of the property owner, to be submitted to the building inspector for approval.

(b) Fencing - **REMOVED**

- Every enclosure for an outdoor swimming pool shall be at least 1.2 m in height, and of a close-boarded, chain link or other approved design, to reasonably deter children from climbing through, over or under to gain access to the enclosed area.
- Gates that make up part of the enclosure shall provide protection equivalent to that of the fence, and be equipped with a self-closing and latching device and lock, at the top and inside the gate.
- Doors located in the wall of a building that form part of the enclosure of an outdoor swimming pool shall be equipped with self-closing and latching devices and locking mechanism.
- All gates and doors that form part of an outdoor swimming pool enclosure shall be kept locked except when the enclosed area is actually under competent supervision.
- Barbed wire or fencing energized by electrical current shall not be used or form part of an enclosure for an outdoor swimming pool.

2020-88

That Section 3.36 “Swimming Pools” be deleted.

(b) Maintenance

Every part of an outdoor swimming pool enclosure shall be maintained in a structurally sound and upright condition to reasonably deter children from climbing through, over or under to gain access to the enclosed area.

3.37 Temporary Uses

In any zone, temporary construction facilities such as a shed, scaffold or sales office, temporary accommodation such as a mobile home and equipment incidental to building on the premises shall be permitted for a maximum period of two years and only while a valid building permit for such construction remains in force. Temporary accommodation will only be permitted in the case when an existing dwelling is damaged to the extent that it becomes uninhabitable and for the time period while reconstruction or new construction is in progress.

3.38 Through Lots

Where a lot which is not a corner lot has Frontage on more than one (1) street, the requirements for Front Yards contained in this By-law shall apply to each yard abutting the street, save and except for accessory uses in accordance with Section 3.1.

3.39 Yard Encroachments

Every part of any minimum required yard shall be open and unobstructed by any structure other than an accessory building or structure permitted elsewhere in this By-law, provided, however, that those structures listed below shall be permitted to project into the minimum required yards indicated for the distances specified.

4.2 Schedules

The attached Schedules 1-12 form part of this By-law.

4.3 Streets and Rights-of-Way

A street, lane, railway right-of-way or other right-of-way shown on the attached Schedules shall be included, unless otherwise indicated, with the zone of adjoining property on either side thereof.

4.4 Holding Zones

- (a) Any parcel or area of land in any zone may be further classified as a holding zone with the addition of the suffix "-h". The intent is to signify Council's approval in principle to future development of the land for the purposes indicated by the symbol. The holding classification added to a given zone shall restrict development of the land until such time as the demand for the development of the land is sufficient to warrant immediate development.
- (b) Where a holding zone applies, no lands shall be used and no buildings or structures shall be erected or used for any purpose other than those uses existing for such land, building or structure on the date of passing of this By-law. Any change from the holding status shall require an amendment to this By-law, which shall only be passed by Council when any applicable services, financial arrangements and conditions for the development of the lands affected by the amendment have been determined to the satisfaction of Council.

4.5 Special Exception Zones

Where a zone classification is followed by a dash and a number (eg. R1-l), this denotes a special exception zone. Lands so zoned shall be subject to all of the provisions of the zone represented by the classification except as otherwise provided by the special exception provisions of the zone. These special exception provisions are listed separately under the appropriate zone in the text of the By-law.

4.6 Temporary Use Zones

Temporary uses may be authorized from time to time by Zoning By-law amendment pursuant to Section 38 of the Planning Act. These are listed separately at the end of the appropriate zone category and as shown on the Zoning Schedule and are identified with the symbol "-T" because of their temporary nature.

4.7 Unstable Slopes

Where a zone classification is followed by the suffix '-ss', the lands in question have been determined to have development constraints relating to unstable slopes. Any building or structure to be erected on any lands affected by the suffix "ss" (including a septic tank, tile bed, swimming pool or underground structure) shall be set back from the top of the slope and shall not be located on the flank of the slope. The setback distances are shown on the applicable Schedules to this By-law.

SECTION 5 RESIDENTIAL ZONES
