Use the Begin Attachment Sheet to separate the bar-coded application/request sheets from documentation you would like to submit to support your request.

Use the Begin Attachment Sheet for submissions in both paper format and electronic format (e-mail, e-fax, CD-ROM).

Do not use this Begin Attachment Sheet to separate Application/Request Sheets that do not have supporting documentation.

Example 1:

When submitting a Land Registry Packet Cover Page, with a Land Registry Application Sheet and a mortgage for example on paper add this Begin Attachment Sheet between the Application Sheet and the mortgage. This indicates the end of the request and the beginning of the mortgage. The order for submitting this package would be the Packet Cover Page first, the Application Sheet, then the Begin Attachment Sheet followed by the mortgage.
