DO HEREBY, IN CONSIDERATION of the sum of *Seven Hundred Fifty Four -* (\$ 754⁰⁰) Dollars paid or to be paid to the Grantor or others interested in the lands as purchaser, mortgagee, encumbrancee or otherwise (hereinafter referred to as "Other Interested Parties"), and in consideration of the conditions hereinafter mentioned to be observed by:

HUSKY OIL OPERATIONS LTD., a body corporate incorporated under the laws of the Province of Alberta, with registered office at the City of Calgary, in the said Province, (hereinafter referred to as "the Company")

GRANT, CONVEY AND TRANSFER UNTO the Company, for itself, its employees, agents and contractors, its successors and assigns, the right, licence, liberty, privilege and easement to clear and to use that portion of the said Lands, being a right-of-way 18 metres in width as shown outlined in red, as approximated on a plan or plans of right-of-way attached hereto as Schedule "A", (hereinafter referred to as the "Right-of-Way"), to lay down, construct, operate, maintain, inspect, patrol (including aerial patrol) alter, remove, replace, reconstruct and repair one or more pipelines together with all the works of the Company including but without limiting the generality of the foregoing, all such drips, valves, fittings, meters, cathodic protection equipment and other equipment and appurtenances, whether or not similar to the foregoing, as may be useful or convenient in connection with or incidental to the undertaking of the Company for the carriage, conveyance and transportation of natural and artificial gas, oil and other gaseous or liquid hydrocarbons and any product or by-products thereof (all of which are collectively hereinafter referred to as the "said Works").

The aforesaid rights, licences, liberties, privileges and easements are herein granted for so long hereafter as the Company may desire to exercise same on the following terms, stipulations and conditions which are hereby mutually covenanted and agreed to by and between the Grantor and the Company:

1. The Company shall compensate the Grantor, and/or Other Interested Parties as their respective interests for the time being may appear, for all damage occurring as a result of the construction or operation of the said Works, and without limiting the generality of the foregoing to include all damage done to any crops, pasture, timber, trees, hedges, produce, water wells, artesian springs, livestock, buildings, fences, culverts, bridges, lanes, improvements or equipment on the said Lands, by reason of the exercise of the rights herein granted.

2. In the event that the Company constructs additional pipelines within the Right-of-Way, it shall pay to the Grantor the sum equal to the amount, if any, by which the Right-of-Way actually required in the construction of the additional pipeline, has increased in market value over the amount paid for the Right-of-Way at the time of the immediately preceding pipeline construction. The Company shall specify the area included in this Right-of-Way Agreement required prior to the construction of such additional pipeline.
3. If at any time the Company shall required the Right-of-Way for any of the said Works to be located above ground, the Company shall consult with the Grantor as to the appropriate location of such Works and shall locate such Works, insofar as may be practicable so to do, in such a fashion as to provide a minimum of inconvenience to the Grantor. Upon furnishing to the Grantor a plan of the intended location, the Company shall have the right to fence and use such portions of the Right-of-Way as may in its opinion be required. The Company shall pay to the Grantor and/or Other Interested Parties compensation for any inconvenience caused the Grantor, and for all damage occurring, as a result of fencing any such portion of the Right-of-Way. The Grantor shall have a non-recurring option, to be paid such compensation either by way of a one-time lump-sum payment or by way of a periodic lump-sum payment every five (5) years. Periodic lump-sum payments are subject to review and adjustment upon the written request of the Grantor every five (5) years, commencing five (5) years after the first such payment. If the Company and the Grantor fail to agree on the amount of any adjustment within ninety (90) days of any such written request, then the matter shall be referred to arbitration provided.
4. The Company, insofar as may be practicable so to do, shall bury and maintain all pipe so as not to interfere unreasonably with the ordinary cultivation of the said Lands and shall restore all drains damaged or disturbed according to good drainage practice.
5. It is further agreed that the Company may at any time for whatsoever reason or cause, at its election on notice in writing to the Grantor, terminate this Right-of-Way Agreement and at the same thereafter shall be of no further effect and the Company shall stand relieved of all obligations, other than those accrued to the date of termination; ALWAYS PROVIDED HOWEVER, that upon the termination of this Right-of-Way Agreement, the Company, if this agreements shall then have been registered shall forthwith, at its expense, procure the cancellation of such registration.
6. Upon the abandonment of the said Works and release of all the rights hereby granted, the Company may, at its option, leave and abandon in place any of the said Works which have been buried and will in any event, insofar as may be practicable so to do, restore the surface of the Right-of-Way to the same condition as it was prior to the entry thereon and the use thereof by the Company.
7. Subject always to the rights herein granted, the Grantor shall have the right fully to use and enjoy the said Right-of-Way to the extent that such use does not interfere with the rights herein granted to the Company. Without limiting the generality of the foregoing the Grantor shall not, without the prior written consent of the Company, which consent shall not be unreasonably withheld, excavate, drill, install, erect or permit to be excavated, drilled, installed or erected on or under the said Right-of-Way, any pipe, pit, well, foundation, pavement or other structure or installation or do or permit to be done any mining, quarrying, land levelling or other work or activity of any like or similar nature on, in or under the Right-of-Way.
8. Subject to clause 7, where the Grantor notifies the Company in writing that the Grantor wishes to make a non-recurring agricultural improvement (other than a normal farming operation) which can be practically made to the said Lands, and the cost of making such an improvement is increased by the existence of the said Works, the Company agrees to reimburse to the Grantor the increase in cost making such an improvement which is a direct result of the existence of the said Works. If the Company and the Grantor fail to agree within ninety (90) days of any such notification as to the practicality of making the proposed improvement or the amount of the increase in cost of making any such improvement which is directly a result of the existence of the said Works, then the matters in dispute shall be referred to arbitration as hereinafter provided.

9. Upon the request of the Grantor, the Company shall, insofar as may be practicable so to do, separate and save the topsoil on the Right-of-Way prior to construction and then replace it following construction.
10. If the Grantor and the Company cannot agree on the amount of compensation for damage to be paid pursuant to clause 1, the market value of the right-of-Way actually required in construction of an additional pipeline as referred to in clause 2, any amount to be paid pursuant to clause 3, or matters referred to in clause 8, the matter or matters at issue shall be submitted to and determined by; three (3) disinterested arbitrators; one to be appointed by the Grantor, one by the Company and the third by the two arbitrators so appointed, and any decision of any two of such three arbitrators shall be final and conclusive, PROVIDED that in all respects, the provisions of the Arbitration Act of the Province of Alberta, as amended from time to time, shall apply. The costs of and incidental to any arbitration are to be determined and awarded as the arbitrators may, in their sole discretion, decide.
11. The Company shall pay all rates and taxes that may be assessed and levied from time to time against the said Works, its interest in the said lands or in connection with its operations thereon.
12. The Company, upon performing and observing the terms and conditions on its part to be performed and observed, shall and may peaceably hold and enjoy the rights, licences, liberties, privileges and easements hereby granted without hindrance, molestation or interruption on the part of the Grantor or of any person, firm or corporation claiming by, through or under the Grantor.
13. This Right-of-Way Agreement may be assigned by the Company in whole or in part as to all or any portion of the rights, licences, liberties, privileges and easements hereby granted, transferred and conveyed.
14. The Company covenants and agrees to indemnify and save harmless the Grantor from any and all liabilities, damages, costs, claims, suits or actions arising by reason of the exercise of the rights herein granted to the Company save and except liabilities, damages, costs, claims, suits or actions arising through the gross negligence or willful misconduct of the Grantor. Notwithstanding the foregoing, the Company shall not in any event be liable for consequential damages.
15. The rights, licences, liberties, privileges and easements hereby granted are and shall be of the same force and effect to all intents and purposes as a covenant running with the land and this Right-of-Way Agreement, including all the covenants and conditions herein contained, shall extend to, be binding upon and enure to the benefit of the heirs, executors, administrators, successors-in-title and assigns of the parties hereto.
16. This Right-of-Way Agreement sets forth the entire agreement and understanding between the parties hereto, and the Grantor agrees that there are no other prior representations affecting this Right-of-Way Agreement, other than as are herein set forth or, as may be set forth in an agreement in writing between the parties made subsequent hereto.
17. This Right-of-Way Agreement shall be construed in accordance with the laws of the Province of Alberta.
18. Words herein importing number or gender shall be construed in grammatical conformance with the context of the party or parties in reference.
19. All notices to be given hereunder shall be in writing and may be served personally or by registered letter addressed to the Grantor at:

Box 6525, Calgary, Alberta, T2P 3G7 or such other address, in either case, as the Grantor or the Company respectively may from time to time advise, and any such notice shall be deemed to be given to and received by the addressee upon personal service or, if served by registered letter, fourteen (14) days after the mailing thereof, postage prepaid.

IN WITNESS WHEREOF, the Grantor and the Company have executed and delivered these presents this 3rd day of April, A.D., 1989.
