

Thanks for joining me for my EduSession! I hope you enjoyed *Using visual representations: enhance learning and understanding in mathematics*.

Below are links to the lessons that I've selected for reference. You can share and download these resources from our Teacher Hub.

## Fraction wall examples

[KS2: Working with fractions ▶](#)

[KS3: Manipulating and calculating with fractions ▶](#)

## Area model examples

[KS2: Taking fractions further ▶](#)

[KS2: Multiplication and division ▶](#)

[KS2: Calculating with whole numbers and decimals ▶](#)

[KS3: Manipulating and calculating with fractions ▶](#)

## Bar model examples

[KS1: Addition and subtraction of 2-digit numbers \(regrouping and adjusting\) ▶](#)

[KS2: Measures ▶](#)

[KS4: Simultaneous Equations ▶](#)

## Arrays examples

[KS1: Multiplication and division: 3 and 4 ▶](#)

[KS1: Multiplication and division: 2, 5 and 10 ▶](#)

[KS2: Multiplication and division ▶](#)

[KS3: Axioms and arrays ▶](#)

## Double number line example

[KS3: Ratio \(8.6a\) ▶](#)
