CLEARANCE 	CLEARANCE 	CLEARANCE 	CLEARANCE 	CLEARANCE Not required (7)	CLEARANCE Not required	CLEARANCE Not required		

(1) Adopted but not implemented

(2) Not applicable to military aircraft

(3) Before crossing international FIR boundaries a position report is required for aircraft entering Italian airspace

(4) VMC minima are provided for guidance to pilots with regard to contingency situations which include reference to VMC (Communication failure)

(5) A lower flight visibility, down to 1500 M, is allowed for aircraft (other than helicopters) operating at a speed of 140 kts or less.

Helicopters may operate with a visibility of less than 1500 M, but not less than 800 M provided they are manoeuvred at a speed allowing observation of other traffic or obstacles in sufficient time to avoid collision.

(6) Applicable only to aeroplanes, helicopters and those unmanned free balloons as in GEN 1.5-2, para 3.1, sub-para c).

(7) Unless otherwise specified in RAC 4

(8) Unless otherwise specified in ENR 2.1.1 and RAC 4
