

Final cleaning

Failure to perform the final cleaning will cause the security deposit to be withheld, or an invoice to be sent, as the services of a cleaning firm will have to be used.

- ☐ Floors must be vacuumed and damp mopped and stains removed.
- ☐ Remove stains from doors, radiators, switches and walls.
- ☐ Empty all cabinets, wipe the shelves and remove all stains.
- ☐ Kitchen must be wiped clean and all stains removed carefully.
- ☐ Refrigerator and freezer must be switched off and cleaned thoroughly. Mind the water from melting ice. Also clean behind the refrigerator. Leave the doors open.
- ☐ Stove and oven must be cleaned thoroughly. Floor model stoves need to be removed from its place to clean the background and the sides properly.
- ☐ Ceramic stoves must be cleaned with the correct washing agent and all stains removed.
- ☐ Wash the cooker hood's metallic grease filter and clean the baking trays.
- ☐ Clean thoroughly all the surfaces and appliances in the bathroom: clean the tile seams, faucets and shower wall, wash the top and bottom of the sink and toilet seat.
- ☐ Clean thoroughly the sauna and its floor drain.
- ☐ Clean interceptor traps (bathroom and kitchen) and bathrooms floor drains.
- ☐ Clean the windows and balcony glazing and ventilation vents.
- ☐ Make sure that there is no rubbish left on the balcony.
- ☐ Ceiling sockets must be reattached.
- ☐ Ventilate the apartment properly. Windows and balcony door must be closed before leaving the apartment.
- ☐ Empty the storage space.
- ☐ Tenant procured dishwasher and washing machine must be removed from the apartment. Water and sewer connections must be plugged for the risk of leakage. Contact the building maintenance if you need help.
- ☐ Make sure you mark appliances or furniture that you are leaving to the next tenant so they won't be removed from the apartment.
- ☐ Fold the EI MAINOKSIA (no advertisement) sticker and put it to the mail slot, text out.
