

Digital Mini -package

MEDIA CARD 2027

Kespro's digital sales channel and targeted newsletters

Kespro's webstore is one of the largest online sales channels in Finland. Our foodservice customers visit webstore several times a week.

The Digital Mini package enables you to highlight your products in the product carousel on the Kespro webstore's frontpage.

In addition, we target your product message to the best target group with a targeted newsletter.

Digital Mini – packages have limited availability

Contains

The visibility of one product in the product carousel on Kespro's webstore frontpage and highlight in a newsletter targeted based on the customer segment chosen by Kespro.

If you wish, you can enhance your campaign with a Prosenti product campaign (sold separately)
