### NOTE 1 – GENERAL INFORMATION

Tarjeta Naranja S.A. (hereinafter, “the Company”) was organized as a corporation in the Province of Córdoba on September 1, 1995. The Company is a leading credit-card company in Argentina. Its main business is to create, develop, direct, manage, market, exploit and operate credit and/or debit and/or purchase and/or similar card systems. The Company may hold an interest in the capital stock of other companies rendering supplementary services to the financial activity, which are allowed by the Argentine Central Bank (BCRA).

These condensed interim financial statements were approved for their issuance by the Company's Board of Directors on November 8, 2018.

Tarjeta Naranja S.A. is a subsidiary of Tarjetas Regionales S.A., which, in turn, is a subsidiary of Grupo Financiero Galicia S.A. The Ordinary and Extraordinary Shareholders' Meeting of Banco de Galicia y Buenos Aires S.A.U. held on December 14, 2017 decided to initiate a corporate reorganization process involving the split-off of a portion of the Bank's assets, including its 77% equity interest in Tarjetas Regionales S.A. to be included in the balance sheet of its controlling company, Grupo Financiero Galicia S.A., effective January 1, 2018.

### NOTE 2 – BASIS FOR PREPARATION

The Argentine National Securities Commission (C.N.V.), pursuant to Title IV “Periodical Reporting Requirements”- Chapter III “Rules concerning the Presentation and Valuation Criteria of Financial Statements” - Section 1 of its regulations, has established the application of Technical Pronouncement No. 26 (TP No. 26) issued by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE), as amended, adopting the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) for certain entities included in the public offer regime prescribed in Law No. 17811, whether by reason of their capital stock or notes (“*obligaciones negociables*”), or because these entities have applied for authorization to be included in such regime.

In addition, Section 3 of the aforementioned regulations handed down by the C.N.V. sets forth that “entities subject to the C.N.V.’s oversight may not restate their financial statements into constant currency.”

In preparing these condensed interim financial statements, the Company has availed of the option set forth in IAS 34, and has prepared such statements on a condensed basis. Therefore, these financial statements do not include all such information required to prepare a full set of annual financial statements, and users are encouraged to read them jointly with the Company's annual financial statements as of December 31, 2017.

Due to the aforementioned factors, the Company's management has prepared these condensed interim financial statements in accordance with the accounting guidance laid down by the C.N.V., which is based on the application of the IFRS, in particular, IAS 34, except for IAS 29 (which establishes the mandatory restatement of financial statements), since it has been excluded from the C.N.V.'s accounting guidance, and paragraph 5.5 of IFRS No. 9 “Impairment,” as further explained in Note 3 to these condensed interim financial statements. Also, some additional matters required by the Companies Law and/or C.N.V. regulations, among others, the supplementary information established in the last paragraph of Section 1, Chapter III, Title IV of General Resolution No. 622/13 were included. Such information is included in the notes to these condensed interim financial statements, as established by IFRS.

### NOTE 2 – BASIS FOR PREPARATION (CONTINUED)

The figures disclosed in these condensed interim financial statements and in their accompanying notes are stated in Argentine Pesos with no cents, except for net earnings per share.

The preparation of these condensed interim financial statements in accordance with the aforementioned accounting guidance requires that Company's management make certain estimates and assessments affecting the reported balances of assets and liabilities, and contingent assets and liabilities disclosed as of the date of these condensed interim financial statements, as well as the reported balances of income and expenses.

The Company makes estimates to calculate, for example, depreciation and amortization, the recoverable value of non-current assets, the income tax liability, certain labor costs, provisions for contingencies, labor, civil and commercial lawsuits, and bad debts. Future actual results may differ from the estimates and assessments made at the date these financial statements were prepared.

#### a) Going Concern

As of the date of these condensed interim financial statements, there are no uncertainties as to events or conditions that may pose any doubt about the likelihood that the Company will continue operating normally as a going concern.

#### b) Measuring Unit

IAS 29 "Financial Reporting in Hyperinflationary Economies" requires that an entity's financial statements whose functional currency is the currency of a hyperinflationary economy, regardless of whether they are based on the historical cost method or on the current cost method, be stated in terms of the measuring unit current at the end of the reporting period. For such purpose, in general, the inflation from the acquisition date or the revaluation date, as the case may be, should be computed in non-monetary items. Such requirements are also applicable to the comparative information disclosed in the financial statements.

To conclude on the existence of a hyperinflationary economy pursuant to the provisions set forth in IAS 29, the standard details a series of factors to be considered among which an accumulated three-year inflation rate that approximates to or exceeds 100% is included. Accumulated inflation over the last three years surpasses the 100% threshold. Accordingly, pursuant to the requirements of IAS 29, effective since July 1, 2018, the Argentine economy qualifies as a hyperinflationary economy. On July 24, 2018, the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) issued a release confirming the aforementioned circumstances. However, as of the date of these condensed interim financial statements, Decree No. 664/03 handed down by the Argentine Executive Branch was still in full force and effect. According to such decree, entities are not allowed to file restated financial statements with the C.N.V. Therefore, the Company's management did not apply IAS 29 in preparing these condensed interim financial statements.

During an inflationary period, entities maintaining an excess of monetary assets over monetary liabilities will lose purchasing power, while entities maintaining an excess of monetary liabilities over monetary assets will gain purchasing power, to the extent such items are not subject to an adjustment mechanism.

### NOTE 2 – BASIS FOR PREPARATION (CONTINUED)

In summary, according to the restatement mechanism set forth in IAS 29, monetary assets and liabilities will not be restated because they are already stated in the measuring unit current at the end of the reporting period. Assets and liabilities subject to adjustments on the basis of specific arrangements will be adjusted according to such arrangements. Non-monetary items measured at their current values at the end of the reporting period, such as net realizable value or others, will not require restatement. All other non-monetary assets and liabilities will be restated by applying a general price index. Gains or losses from an entity's net monetary position will be charged to the reporting period's profit or loss in a separate item.

In order to determine the effects of inflation, certain definitions are required from the accounting practice and from regulatory agencies, including the indexes to be used (Wholesale Domestic Price Index or "IPIM" / Consumer Price Index or "IPC"), the series to be applied, and the treatment to be afforded upon the first-time application. Such definitions are still pending as of the date of these condensed interim financial statements.

As of September 30, 2018, the Company has not applied the criteria for the restatement of financial information set forth in IAS 29. However, in recent years, certain macroeconomic variables affecting the Company's business, such as labor costs and prices for supplies, have experienced somewhat significant changes year on year. This circumstance should be considered in assessing and interpreting the Company's financial position and results of operations reported in these condensed interim financial statements.

### NOTE 3 – ACCOUNTING POLICIES

The accounting policies adopted are consistent with those used for the preparation of the annual financial statements for the year ended December 31, 2017.

Some new standards, amendments and interpretations are effective for the years beginning after January 1, 2018 and have been applied in the preparation of these condensed interim financial statements. Below is a detail of the main standards or amendments:

IFRS 9 "Financial Instruments" is effective for periods beginning after January 1, 2018. The Company has applied IFRS 9 except for paragraph 5.5 regarding the new expected credit loss model for impairment recognition, since the National Securities Commission of Argentina (C.N.V.), through General Resolution 714-E/2017, exclusively exempted credit card issuing companies from the application of this regulation in particular, until the establishment of a future application schedule, in line with the guidelines set forth by the Central Bank of the Argentine Republic (BCRA).

The full version of IFRS 9, which was issued in July 2014, replaces the impairment model of financial assets provided for in IAS 39 —incurred loss model— with a new model that requires the entity to estimate its future credit losses based on the historical uncollectibility experience, as well as on the current conditions and reasonable forecasts of future economic conditions —expected loss model—. According to IFRS 9, the amount of expected credit losses must be estimated on the basis of the current value of the defaulted financial instrument, considering a twelve-month time horizon or during the expected useful life thereof, depending on the credit quality impairment it has sustained as of the date of issuance of the financial statements.

### NOTE 3 – ACCOUNTING POLICIES (CONTINUED)

In accordance with C.N.V. Resolution 714-E/2017, the Company has applied the regulations contained in IAS 39 for the recognition of credit losses in these condensed interim financial statements.

IFRS 15 "Revenue from Contracts with Customers" deals with the revenue recognition and establishes principles to report useful information for users of financial statements

regarding the nature, amount, timing and uncertainty of revenue and cash flows that arise from the entity's contracts with its customers. Revenue is recognized when a customer obtains control over a good or a service and, in this way, has the ability to direct the use and obtain the benefits therefrom. This standard replaces IAS 18 "Revenue" and IAS 11 "Construction Contracts" and their related interpretations, being effective for the years beginning on or after January 1, 2018.

The application of IFRS 15 in these condensed interim financial statements has not represented significant changes in the disclosure or valuation of the Company's revenue.

### NOTE 4 – ESTIMATES

The preparation of the condensed interim financial statements requires that the Company make judgments, estimates and assumptions that affect the application of the accounting policies and the amounts of assets and liabilities disclosed, as well as income and expenses. Actual amounts may differ from such estimates.

In preparing these condensed interim financial statements, the significant judgments made by the Company in applying the accounting policies and the key sources of estimates were the same as those applied to the financial statements for the year ended December 31, 2017.

### NOTE 32 – PROVISIONS

This account includes the estimated amounts to face risks of probable occurrence, which, if they occur, will give rise to a loss for the Company.

#### (1) Legal Claims:

The Company is subject to several claims, lawsuits and other legal proceedings, including customers' claims, where a third party is claiming payments for alleged damages, refunds for losses or compensation. The potential debt for the Company with respect to such claims, lawsuits and other legal proceedings cannot be certainly estimated. Management periodically reviews the progress of each of the significant issues and calculates the potential financial exposure.

A provision is booked when a potential loss derived from a claim or legal proceeding is deemed likely and the amount can be fairly estimated.

Provisions for contingent losses reflect a fair estimation of the losses to be incurred based on the information made available by Management as of the date of the preparation of the condensed interim financial statements and considering the lawsuits to which Tarjeta Naranja is a party. These estimations are mainly prepared with the assistance provided by the legal advisors.

### NOTE 32 – PROVISIONS (CONTINUED)

#### (2) Tax Claims:

As of the date of these condensed interim financial statements, the Company is in the following situations with respect to certain Provincial Tax Boards:

The Company has a dispute with the Tax Revenue Agency of the Province of Río Negro. In due time, the tax agency made an adjustment of AR\$ 895 for turnover tax for the tax periods from January 2010 to June 2012 from the Company. The Company timely challenged the adjustment made. The amount claimed totaled AR\$ 2,477 and AR\$ 2,315 as of September 30, 2018 and December 31, 2017, respectively.

Furthermore, the Company has a dispute with the General Tax Board of the Province of La Pampa. In due time, the tax agency made an adjustment of AR\$ 2,438 for turnover tax for the tax periods from January 2013 to May 2018 from the Company. The Company timely challenged the adjustment made. The amount claimed totaled AR\$ 2,438 as of September 30, 2018.

On the other hand, the Company was served notice of an official assessment from the General Tax Board of the Province of Tucumán, in its capacity as Turnover Tax Withholding Agent, in connection with years commencing on January 2013 through December 2015. The Company timely challenged the adjustment made. As of September 30, 2018, the amount involved totaled AR\$ 10,545.

The Company also has outstanding claims from certain Municipal Tax Bureaus throughout the country; most of them in connection with Publicity and Advertising, and in respect to which it has filed the respective defenses. As of September 30, 2018 and December 31, 2017, total municipal claims against the Company amounted to AR\$ 20,917 and AR\$ 21,511, respectively.

On December 1, 2017, Tarjeta Naranja S.A. filed an action against the Argentine tax authorities (AFIP as per its initials in Spanish) for the recovery of the Income Tax for the years 2014 and 2016 in the amount of AR\$ 580,164. The action was grounded on the failure to apply the inflation adjustment mechanisms set forth in Title VI of the Income Tax Law, leading to absorb a substantial portion of taxable income and surpass any reasonable taxation threshold. On May 17, 2018, an identical action was filed in respect of the predecessor company Tarjetas Cuyanas S.A. for the years 2014 and 2016, in the amount of AR\$ 145,478. To date, both actions for recovery are still pending resolution by AFIP.

As of September 30, 2018, the Company did not recognize receivables in connection with these matters, because they qualify as contingent assets pursuant to the terms of IAS 37.

The provisions booked in liabilities related to the cases described above had been adjusted based on the opinion of the legal advisors, the judicial precedents referred to above and the favorable evolution thereof.

However, Tarjeta Naranja S.A.'s Board of Directors, based on tax advisors' opinions, considers the taxes involved have been appropriately calculated according to legal regulations currently in force, and those tax authorities' claims have no legal or

technical grounds. Therefore, the Company is currently exercising — and will exercise in the future — its constitutional rights in order to clarify and settle said issues.

### NOTE 43 - RESTRICTED ASSETS

#### Liens in Force

As of September 30, 2018 and December 31, 2017, liens for a total amount of AR\$ 1,803 and AR\$ 1,143, respectively, have been levied on funds deposited in checking accounts opened by the Company at several financial institutions. Since the appropriate defenses have been filed during such legal proceedings to safeguard the Company's interests, the seized funds have been included in these condensed interim financial statements under "Other Receivables".

#### Covenants Undertaken

The commitments undertaken by virtue of Class XXIV (TC), XXV (TC), XXVI (TC), XXVII (TC), XXVIII (TC), XXXIII, XXXIV, XXXV, XXXVI, XXXVII, XXXVIII and XXXIX Notes ("*Obligaciones Negociables*") issued by the Company are mentioned in Note 36.

#### Security Deposits

As of September 30, 2018 and December 31, 2017, the Company has paid AR\$ 5,176 and AR\$ 4,653, respectively, for security related to certain buildings lease agreements. These funds have been included in these condensed interim financial statements under "Other Receivables".

#### Restriction on the Distribution of Dividends

The Company's Ordinary and Extraordinary Shareholders' Meeting held on March 16, 2006 resolved to define the following policy for the distribution of dividends: i) to keep under Retained Earnings those retained earnings corresponding to years prior to 2005 and, therefore, not to distribute them as dividends, and ii) to set as maximum limit for the distribution of dividends 25% of the liquid and realized income for each year as from 2005. These restrictions shall remain in full force as long as the Company's equity remains below AR\$ 300,000. Thus, the policy for the distribution of dividends approved by the Company's Board of Directors at its meeting held on January 4, 2006 has been ratified.

Furthermore, in the Price Supplement of Class XXXVII Notes, the Company agreed not to distribute dividends: i) that exceed 50% of the Company's net profit accrued since January 1, 2017 plus the net profit accrued during the year ended December 31, 2017, net of restricted payments made in 2016, and ii) when (a) the Total Liabilities to Equity Ratio does not exceed 7 to 1, and (b) the Indebtedness to Equity Ratio does not exceed 4 to 1.

### NOTE 47 - MERGER BY ABSORPTION OF TARJETAS CUYANAS S.A. INTO TARJETA NARANJA S.A.

On September 5, 2017, Tarjeta Naranja S.A. (the “Absorbing Company”) and Tarjetas Cuyanas S.A. (the “Absorbed Company”) entered into a preliminary merger agreement, whereby Tarjeta Naranja S.A. merged into the assets and liabilities of Tarjetas Cuyanas S.A., effective October 1, 2017.

Then, on October 24, 2017, the shareholders of Tarjeta Naranja S.A. and, on October 23, 2017, the shareholders of Tarjetas Cuyanas S.A., both gathered at the General Extraordinary Shareholders’ Meeting of such companies, approved of the merger by absorption of Tarjetas Cuyanas S.A. into Tarjeta Naranja S.A., as well as the dissolution of the former without liquidation.

The merger by absorption was completed abiding by the provisions of Sections 77 and 78 of Law No. 20628.

In the face of Tarjetas Cuyanas S.A.’s merger into Tarjeta Naranja S.A., which entailed a capital increase in Tarjeta Naranja S.A. due to the inclusion of Tarjetas Cuyanas S.A.’s assets, Tarjetas Regionales S.A. (the controlling company of both companies) received 447 ordinary shares of Tarjeta Naranja S.A., with a face value of AR\$10,000 and one voting right each, in exchange for the 3,200,950 shares it held in Tarjetas Cuyanas S.A.’s capital stock.

According to the Argentine General Companies Law, Tarjeta Naranja S.A., which held 1.000005% of Tarjetas Cuyanas S.A.’s capital stock before the merger, was not allowed to purchase its own shares by reason of the capital increase; hence, it did not receive the share exchange. The shares held by Tarjeta Naranja S.A. in Tarjetas Cuyanas S.A.’s capital stock that were merged into Tarjeta Naranja S.A. as a consequence of Tarjetas Cuyanas S.A.’s absorption were canceled following a capital stock reduction. As part of said reorganization and as mentioned above, Tarjeta Naranja S.A. decided to increase its capital stock by AR\$ 4,470,000, represented by 447 ordinary shares, with a face value of AR\$ 10,000 and one voting right each, delivered to Tarjetas Regionales S.A. in exchange.

### NOTE 47 - MERGER BY ABSORPTION OF TARJETAS CUYANAS S.A. INTO TARJETA NARANJA S.A. (CONTINUED)

At the same time, Tarjeta Naranja S.A. decided to reduce its capital stock by 23 ordinary shares of its own capital stock, with a face value of AR\$10,000 and one voting right each, deriving from the merger by absorption with Tarjetas Cuyanas S.A. Accordingly, Tarjeta Naranja S.A.'s definitive capital stock amounts to AR\$ 28,240,000, represented by 2,824 ordinary shares, with a face value of AR\$10,000 and one voting right each.

Following the transaction, Tarjeta Naranja S.A. equity interests were as follows: (i) Tarjetas Regionales S.A.: 2,823 shares with a face value of AR\$ 10,000 and (ii) Procesadoras Regionales S.A.: 1 share with a face value of AR\$ 10,000.

For accounting purposes, since Tarjeta Naranja S.A. and Tarjetas Cuyanas S.A. are subsidiaries of Tarjetas Regionales S.A., the transaction was not eligible to be accounted as a business combination under IFRS 3 "Business Combinations," but rather as a business reorganization within the same business group.

According to Tarjeta Naranja S.A.'s accounting policies, the "predecessor method" was used, pursuant to which the assets and liabilities of the absorbed entity are taken at their book value, with measurement at fair value not being required. In addition, no goodwill arose from the transaction. Any difference between the consideration delivered and the aggregate book value of the acquiree's assets and liabilities on the transaction date is disclosed in equity.

In turn, the balances are disclosed as per the prospective method, pursuant to which the absorbed entity's profits or losses and balance sheet are included prospectively, commencing on the date on which the merger took effect, that is, October 1, 2017.

Tarjetas Cuyanas S.A.'s assets and liabilities as of October 1, 2017, included as a result of the merger, arise from the following table (figures expressed in thousands of Argentine Pesos):

### 16. PROVISIONS

Current provisions exceed 2% of equity. Under IFRS, for the calculation of the provision for loan losses, the Company analyzes the historical losses of its portfolio in order to estimate the losses related to receivables from trade incurred as of the date of the financial statements, but that have not been individually identified, according to the guidelines set out in IAS 39. In addition, the historical ratios are adjusted, if appropriate, to include recent information that reflects the economic conditions as of the closing date of the financial statements, trends of behavior of customers in each portfolio segment and any other information that could affect the estimation of the provision for loan losses related to receivables from trade. Several factors may affect Management's estimation of the provision for loan losses, including the volatility of the likelihood of loss, migrations and estimates of the severity of losses.

### 17. CONTINGENCIES

There are no significant contingent situations as of September 30, 2018, which have not been given accounting recognition.

### 18. DIVIDENDS ON PREFERRED SHARES

There are no preferred shares.

### 19. RESTRICTIONS ON THE DISTRIBUTION OF RETAINED EARNINGS

Restrictions on the distribution of retained earnings are detailed in Note 43 to the condensed interim financial statements as of September 30, 2018.

## Summary of Activity

As of September 30, 2018

Expressed in thousands of Argentine Pesos

(Free Translation from the Original in Spanish for Publication in Argentina)

As of September 30, 2018, we had 3,185,000 open accounts under the Naranja brand and 387,000 open accounts under the Nevada brand, out of which 13,000 accounts bear both brands.

Transactions with Naranja for the nine-month period then ended grew by 9% vis-a-vis the same period the previous year, while combined transactions (Naranja and Nevada) rose by 26%. In turn, average consumption per active account (purchases in stores, personal loans, cash advances and cash withdrawals from ATMs) during the period experienced a 37% increase in nominal terms, compared to the same six-month period the previous year. If we take into consideration total consumption (Naranja and Nevada), such increase stands at 32%.

Profit before Income Tax as of September 30, 2018 was AR\$ 3,039,607, and Equity amounted to AR\$ 9,390,670.

### Sources of Financing

During the first nine months of the year, the Company entered into new Credit Line arrangements in the amount of AR\$ 1,050,000 and new Borrowings in the amount of AR\$ 1,570,000.

Within the framework of the Global Program for the Issuance of Notes ("*Obligaciones Negociables*"), on February 14, 2018 the Company issued Class XXXIX Notes ("*Obligaciones Negociables*") for a total amount of AR\$ 754,539; while on April 10, 2018, the Company issued Class XL Notes ("*Obligaciones Negociables*") for a total amount of AR\$ 2,000,000.

Additionally, during such period, the Company repaid principal and interest with regard to Notes ("*Obligaciones Negociables*"), Borrowings and Finance Leases for AR\$ 3,053,101.

### Review of Operations as of September 30

#### Merger with Nevada

The deployment of the rollover aimed at combining operations moved to its second stage, including the provinces of San Luis, Salta, Jujuy, Tucumán, Santiago del Estero, Catamarca and La Rioja.

In September, more than 270,000 former customers of Nevada had its Naranja card, with more than 1,700 merchants from the Northwest, Northeast, Patagonia and Central regions of Argentina having joined the brand. Approximately 150 regional employees of Nevada were transferred to Naranja's branches.

#### Digital Evolution for our Customers

As part of its evolution towards a leading company in the digital field, in July the Company entered into a strategic partnership with Samsung. Customers may now purchase smartphones and tablets at Tienda Naranja (Naranja Store) and at major branches in Córdoba and Buenos Aires, under exclusive financing terms.

During the period, the Company made progress in migrating customers' payments to electronic channels. To date, 18% of the customer portfolio pays their account statements using the Payment Button from the App or through Naranja Online and third parties' digital channels.

In August, the number of active digital users surpassed the million mark.

## **Summary of Activity (Continued)**

### **Promotions and Benefits**

During the period, customers continued enjoying the benefits of the Smartes promotion, with up to 30% discounts on major brands throughout the country and on special dates, such as, the Children's Day.

In the Travel category, customers enjoyed promotions with Aerolíneas Argentinas and GOL offering up to 20% discounts and payment plans of up to 6 and 12 interest-free installments.

### **Le Parc at Casa Naranja**

In September, the Company launched *Visión Le Parc*, a world-class exhibition by the optical artist Julio Le Parc. Visitors may enjoy this exhibition until January 31, 2019 for free. *Visión Le Parc* was declared a "cultural interest" event by the Municipality of Córdoba, and features guided visits for the general public and a pedagogic tour for elementary and secondary schools.

### **Naranja among the 20 Best Corporate Reputation Companies in Argentina**

Once again, Naranja has ranked 1st in the Ranking of Corporate Reputation compiled by MERCO (as per its initials in Spanish) in the Financial and Credit Card sector, and 20th in the overall ranking of companies.

### **Outlook**

Following the merger with Tarjetas Cuyanas S.A., Naranja has managed to achieve strong presence in the provinces of Mendoza and San Juan, with increased market share in 13 provinces.

The combination of both brands into the Naranja umbrella is a three-phase process underway expected to be completed at year-end. This action will streamline operations and result in efficiencies, improvements in customer's experience and brand strengthening.

Through the Digital Evolution program, the Company will continue digitalizing critical business processes, from an approach based on the use of mobile phones by customers. The introduction of new Advanced Analytics models and the ongoing improvement of Digital Marketing are facilitating product cross-selling to our existing customers and helping to capture new ones.

The macroeconomic conditions prevailing in Argentina affected our access to financing; therefore, we were forced to restrict credit facilities to our customers. In addition, we have seen incremental arrears among customers and a substantial increase in financial costs.

As always, our actions will continue to be based on our strategic pillars: Organization Culture and Customer's Experience.

## **REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS**

To the Shareholders, President and Directors of  
TARJETA NARANJA S.A.  
La Tablada 451  
CÓRDOBA – ARGENTINA

### **Introduction**

We have reviewed the accompanying Condensed Interim Financial Statements of Tarjeta Naranja S.A. which include the Condensed Interim Balance Sheet as of September 30, 2018, the Condensed Interim Statement of Profit or Loss and the Condensed Interim Statement of Other Comprehensive Income for the nine and three month periods ended September 30, 2018 and the Condensed Interim Statements of Changes in Equity and Condensed Interim Statement of Cash Flows for the nine month period then ended, as well a summary of significant accounting policies and other explanatory information included in the notes and schedules supplementing them.

The amounts and other information corresponding to fiscal year 2017 and the related interim periods are an integral part of the financial statements mentioned above; therefore, shall be considered in connection with those financial statements.

### **Company's Board of Directors responsibility**

The Company's Board of Directors is responsible for the preparation and presentation of these Condensed Interim Financial Statements in accordance with the accounting framework established by the National Securities Commission (CNV). As mentioned in note 2 to the accompanying Condensed Interim Financial Statements, that accounting framework is based on the application of the International Financial Reporting Standards (IFRS), and, in particular, of the International Accounting Standard 34 "Intermediate Financial Information" (IAS 34) as approved by the International Accounting Standards Board (IASB). Such standards were adopted by the Argentine Federation of Professional Councils of Economic Sciences (FACPCE), and by the CNV, and were used in the preparation of these financial statements, with the only temporary exception of section 5.5 "Impairment" of IFRS No 9 "Financial Instruments" and International Accounting Standard 29 (IAS 29).

### **Scope of our Review**

Our review was limited to applying of the review procedures established in the International Standard on Review Engagements (ISRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", adopted as review standard in Argentina, through Technical Pronouncement No. 33, as approved by the International Auditing and Assurance Standards Board (IAASB). A review of interim financial information consists of making inquiries of the Company's staff

responsible for the preparation of the information included in the condensed interim financial statements, and applying analytical and other review procedures

A review is substantially less in scope than an audit conducted according to International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all the significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion causes.

### **Conclusion**

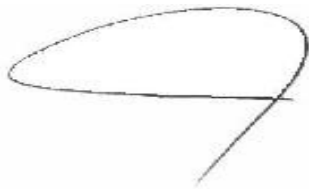

Based on our review, nothing has called our attention that causes us to believe that the accompanying Condensed Interim Financial Statements referred to in the first paragraph of this report are not prepared, in all material respects, in accordance with the accounting framework established by the National Securities Commission (CNV).

### **Difference between the accounting information framework of the CNV and the IFRS**

Without modifying our conclusion, we draw attention to Note 2 to the accompanying Condensed Interim Financial Statements, which describes the difference between the accounting information framework of the CNV and the IFRS, taking account the application of section 5.5 "Impairment" of IFRS No 9 "Financial Instruments", and IAS 29, where temporarily excluded by the CNV from the accounting framework applicable to financial entities.

To the Shareholders, President and Directors of  
TARJETA NARANJA S.A.  
Legal Domicile: La Tablada 451  
CORDOBA-ARGENTINA

1. We have reviewed the accompanying condensed interim financial statements of Tarjeta Naranja S.A., which include the Condensed Balance Sheet as of September 30, 2018, the Condensed Interim Statements of Profit or Loss and Comprehensive Income for the nine-month period ended September 30, 2018, and the Condensed Interim Statements of Changes in Equity and Cash Flows for the nine-month period then ended and selected explanatory notes. The balances and other information for the year 2017 and for the interim periods are an integral part of the condensed interim financial statements and, therefore, should be considered in relation to those statements.
2. The Company's Board of Directors is responsible for the preparation and presentation of the financial statements, in accordance with the accounting guidance set forth by the Argentine National Securities Commission (C.N.V.). As mentioned in Note 2 to the accompanying financial statements, such accounting guidance is based on the application of the International Financial Reporting Standards (IFRS) and, particularly, on International Accounting Standard (IAS) 34 "Interim Financial Reporting," as approved by the International Accounting Standards Board (IASB). Such standards were adopted by the Argentine Federation of Professional Councils in Economic Sciences (FACPCE) and by the C.N.V., and were used in preparing the financial statements, except for paragraph 5.5 of IFRS No. 9, "Impairment" and the International Accounting Standard No. 29 (IAS 29).
3. Our examination was carried out in accordance with standards applicable in Argentina to members of the Supervisory Committee for the review of condensed interim financial statements, which include verifying the consistency of the documents reviewed with the information concerning corporate decisions, as disclosed in minutes, and the conformity of those decisions with the law and the bylaws insofar as concerns formal and documental aspects. For purposes of our professional work, we have reviewed the work performed by the external auditors of the Company, Price Waterhouse & Co. S.R.L., in accordance with the International Standard on Review Engagements 2410 ("ISRE 2410"), "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", which was adopted as review standard in Argentina by Technical Pronouncement No. 33 of FACPCE, as approved by the International Auditing and Assurance Standards Board (IAASB), who issued their review report on November 8, 2018, without any qualified opinion. A review of interim financial information consists of making inquiries to the Company's staff responsible for the preparation of the information included in the condensed interim financial statements and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted according to International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all the significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on the Company's financial position, comprehensive income and cash flows.

We have not assessed the business criteria regarding the different areas of the Company, as these matters are the exclusive responsibility of the Board of Directors. We also report that, in compliance with the legality control that is part of our field of competence, during this period we have applied the other procedures described in Section 294 of Law No. 19550, which we deemed necessary according to the circumstances, including —among others— controlling the constitution and survival of the Directors' bond.

Without altering our conclusion, we make specific mention to Note 2 to the accompanying condensed interim financial statements, which includes a qualitative description of the difference between the accounting guidance laid down by the C.N.V. and the IFRS, considering that paragraph 5.5 “Impairment” of IFRS No. 9, “Financial Instruments,” and IAS 29 were excluded by the C.N.V. from the accounting guidance applicable to financial entities.

4. Based on our review, performed within the scope described in paragraph 3 above, we inform the following:
  - i) The condensed interim financial statements of Tarjeta Naranja S.A. as of September 30, 2018, prepared in accordance with IAS 34, consider all the significant events and circumstances that we are aware of and on which we have no observations to make except for the last paragraph of paragraph 3 of this report;
  - ii) In compliance with the legality control that is part of our field of competence, we have no observations to make;
  - iii) Tarjeta Naranja S.A.’s condensed interim financial statements arise from accounting records kept, in all formal aspects, in compliance with legal regulations;
  - iv) With regard to the Summary of Activity and the Additional Information to the Notes to the Condensed Interim Financial Statements required by the regulations issued by the Argentine National Securities Commission submitted by the Board of Directors, insofar as concerns our field of competence, we have no observations to make.
