

Specialty Fats' Palm Supply Base Time Bound Plan (TBP) & Progress

RSPO Vision
 "to transform markets to make **sustainable palm oil** the norm"

- As a member since 2006, we commit fully to our responsibility to support the vision of the RSPO & aim to continue to support RSPO Shared Responsibility Commitments:

RSPO ACOP Reporting Periods

NB: An increase of certified palm oil products is only achievable with consistency of supply & in alignment with market demand

RSPO Shared Responsibility Volume Commitment Requirements of P & T Members:

- Year 1:** Baseline (as reported in ACOP 2019) + **2% increase in CSPO uptake** in 2020
- Year 2:** For P & T members the uptake target is **2% points growth in CSPO uptake** in 2021
- Year 3:** For P & T members the uptake target is **2% points growth in CSPO uptake** in 2022
- Year 4:** For P & T members the uptake target is **2% points growth in CSPO uptake** in 2023
- Year 5:** For P & T members the uptake target is **2% points growth in CSPO uptake** in 2024
- Year 6:** For P & T members the uptake target is **2% points growth in CSPO uptake** in 2025

(NB. Olam International group membership is that of a grower)

100%

- Sourcing of RSPO certified products ACOP 2024 target met by **ofi** Specialty Fats
- CSPO uptake achieved and maintained since 2019
- CSPKO uptake achieved and maintained since 2017
