

Lactorich beverage solutions

ofi is your partner to help you
meet consumer needs

Amplify the natural goodness of milk

ofi's range of filled milk powder solutions are designed to deliver a richer mouthfeel and enhanced creaminess and milkiness across various dairy-based beverage applications. Transform the way consumers experience a wide range of products, from drinking milk, coffee and tea, to cocoa drinks, drinking yogurt, milkshakes and even UHT-based beverages.

Drinking

Prime	23-27	24-32	6.0-7.0
Vers	10-18	27-35	6.5-7.7

Why choose ofi solutions?

Excellent solubility

- Dissolves completely without a trace of floating particles
- Achieves the superior whitening effect desired by consumers

Good wettability

- No sediment
- Improves consumer perception of product quality

Value for money

- High quality products at competitive prices
- Affordable dairy products loved by consumers

Our commitment to you

Striving to provide you with only the best dairy ingredients, we are continuously innovating to deliver highly functional products with superior performance.

The end-to-end operational efficiency of our Malaysia processing facility helps us to do just that, and ensures we offer you a consistent and reliable supply of dairy ingredients that adhere to the food safety and quality standards you need.

Not sure which products to choose?
