

Opus Energy Out of Contract electricity rates

Out of Contract rates apply to the electricity or gas we supply to Opus Corporate customers when a fixed period ends and a new contract has not been entered into either with us or a new supplier. We'll charge you these rates until you agree a new contract or switch to another supplier. Please note that these rates are not fixed, and they may change at any time, so check our website for more details.

You can find our Out of Contract rates below.

Qualifying Financially Disadvantaged Customers (QFDC)

Qualifying Financially Disadvantaged Customers (QFDC) discount is an additional government support that is included in our Deemed and Out of Contract rates.

Our Deemed and Out of Contract rates are calculated taking into account this additional government support. This QFDC discount is included in our published rates and is in addition to the Energy Bill Relief Scheme discount (which will be displayed on your bill separately).
