

Opus Energy Deemed electricity rates

If you recently moved into a property that we supply with electricity, but haven't agreed a contract with us, we won't leave you without power. You'll be on what's known as a 'Deemed Contract'*. We'll charge you our Deemed rates until you agree a contract with us, or until you switch to a new supplier. You can find the link to Deemed terms and conditions on our website. Please note that these rates are not fixed so may change at any time, so check our website for more details.

*According to Schedule 6, paragraph 3 of Electricity Act 1989.

Qualifying Financially Disadvantaged Customers (QFDC)

Qualifying Financially Disadvantaged Customers (QFDC) discount is an additional government support that is included in our Deemed and Out of Contract rates.

Our Deemed and Out of Contract rates are calculated taking into account this additional government support. This QFDC discount is included in our published rates and is in addition to the Energy Bill Relief Scheme discount (which will be displayed on your bill separately).
