

PRODUCTS

Calla Captain Hollywood
Cymbidium Mix Variabel
Germ.Pomponi Rizzo
Ranunkel Butterfly Eris
TK Salix
Tulpe Renown (Fr)
Tulpe Via Roma (Fr)

MATERIALS

Binding wire
Combination pliers
Knife
Vase

Take the Salix and bend it carefully without breaking it.

Use these to form a nest.

Fasten it to at least two points for strength and secure it with binding wire.

Repeat this step until you are satisfied. Note: leave enough space for the flowers.

Arrange the flowers asymmetrically in the vase in groups of 2 or 3 and use the nest as an alternative floral support.

Tadaa!

Empowering floral partners worldwide.
