Easter arrangement

NIVEAU: ● ○ ○ ○ ○

PRODUCTS

To create this DIY arrangement, use flowers that are too short or unsuitable for use in bouquets

MATERIALS

Eggshells
Egg box
Knife
Watering bottle with thin spout

TIME: 5 minutes

LEVEL: Beginner

Note: This DIY arrangement is intended as a decorative item for display in your shop; it is not suitable for sale to customers.

Break the eggshells in half.

Place the eggshells back in the egg box and select your flowers.

Use the thin spout on the watering bottle to fill the eggshells with water.

Arrange the flowers in the eggshells. Ensure that there is enough water in the eggshells and top them up regularly.

Make sure that you distribute the flowers evenly across all the eggshells. Experiment with different heights and different numbers of flowers in each shell.
