

Rigid Packaging Line Card

Shaping Stronger Packaging

Rigid Packaging Line Card

Shaping Stronger Packaging

Rigid packaging plays a key role across diverse markets. From food and beverage to healthcare, household goods and industrial applications, our resin solutions deliver protection, convenience and brand appeal. Our dedicated portfolio provides the **strength, clarity and sustainability features** needed to create containers, closures and specialty components that meet today's consumer and brand demands.

Food & Beverage

Rigid packaging in the food and beverage market demands materials that ensure product safety, freshness and shelf appeal. Our resins deliver the performance needed for containers, lids and closures that meet strict regulatory and consumer expectations.

- Caps & Closures
- Containers & Bottles
- To-go Packaging
- Ready-meal Trays

BENEFITS

- ✓ Barrier Properties for Freshness
- ✓ Food contact Compliance & Safety
- ✓ Lightweighting for Cost & Sustainability
- ✓ High clarity for aesthetics & shelf appeal

Healthcare & Personal Care

Healthcare and personal care packaging requires precision, hygiene, and durability. Our resin solutions enable secure, tamper-evident designs for bottles, jars and closures that protect sensitive products.

- Medication Bottles
- Sample Containers
- Medical Device Housings
- Jars & Closures

BENEFITS

- ✓ Chemical Resistance
- ✓ Compatibility with Sterilization Process
- ✓ Tamper Evident & Secure Sealing Options
- ✓ Design Flexibility

Household & Consumer Goods

From cleaning products to storage containers, household packaging must combine strength with convenience. Our solutions deliver impact resistance and versatility for everyday use.

- Household Chemical Bottles
- Detergent Tubs
- Storage Containers
- Paint Pails

BENEFITS

- ✓ Impact Strength for Durability
- ✓ Chemical & Moisture Resistance
- ✓ Cost-effective Processing & Scalability
- ✓ Versatile Design Options

Industrial & Specialty

Industrial packaging faces demanding conditions, requiring materials that withstand heavy loads and harsh environments. Our resins provide toughness and reliability for pails, buckets, and specialty containers.

- Agriculture Buckets
- Tool Housings
- Chemical Containers
- Shipping Containers

BENEFITS

- ✓ High Impact & Load-bearing
- ✓ Consistent Performance in Extreme Conditions
- ✓ Chemical & Environmental Resistance
- ✓ Efficient Molding for Large-format Designs

A World-Class Supplier Network

Working with us means access to the thousands of quality products in our portfolio. We guarantee quality resins so you can engineer the products that matter to your customers.

Logistics & Supply Chain

With access to warehouses across North America and a dedicated transportation team, we ensure your raw material supply chain is efficient, reliable, and tailored to your needs.

Diverse Technical Expertise

Our industry experts have decades of technical experience and meaningful customer relationships. You can trust our products — and the people that stand behind them.

Polyolefins Portfolio

Our polyolefin resins deliver the perfect balance of performance, cost efficiency, and design flexibility for rigid packaging. Whether it is consumer goods, healthcare solutions, or industrial components, these materials provide reliable **strength and processability** while supporting **recyclability and lightweighting** initiatives to help manufacturers meet both functional and sustainability goals.

Supplier	Brand	Material Group	Related Applications
AmSty	AmSty PS	PS	Take-out containers/trays, dairy cups, jars
Braskem	Braskem PP & Inspire®	PP	Containers, cups, pails, bottles, caps/closures
ExxonMobil	ExxonMobil HDPE	HDPE	Caps/closures, containers, bottles
ExxonMobil	ExxonMobil LDPE	LDPE	Blow molded bottles, inserts/liners, food packaging, storage containers/tubs
ExxonMobil	ExxonMobil LLDPE	LLDPE	Blow molded bottles, inserts/liners, food packaging, storage containers/tubs
ExxonMobil	ExxonMobil PP & Achieve Advanced™	PP	Containers, cups, pails, bottles, caps/closures
ExxonMobil	Exact™	POE	Impact modified closures, lids, flexible hinges
ExxonMobil	Vistamaxx™	POE	Impact modified closures, lids, flexible hinges
Ineos	Ineos PP	PP	Containers, cups, pails, bottles, caps/closures

Recycled Content Portfolio

The future of packaging is sustainable, and we are here to make it achievable. Our recycled content options deliver performance with PCR and ISCC+ certifications, ensuring compliance and consistency for your applications.

Supplier	Brand	Material Group	Related Applications
AmSty	AmSty PS	PCR PS	Take-out containers/trays, dairy cups, jars
Blue Polymers	Blue Polymers	PCR PE	Containers, caps/closures, jars, buckets, pails, bottles
Blue Polymers	Blue Polymers	rPET Flake	Beverage bottles, food containers, supplement packaging, rigid jars
Blue Polymers	Blue Polymers	PCR PP	Containers, cups, pails, bottles, caps/closures
Braskem	WENEW®	PP	Containers, cups, pails, bottles, caps/closures
Ravago Manufacturing Americas	ECHO®	PCR PE	Containers, caps/closures, jars, buckets, pails, bottles
Ravago Manufacturing Americas	ECHO®	PCR PP	Caps/closures, tubs/containers, bottles, pails
Ravago Manufacturing Americas	EnViramid®	PCR PA6 & PA66	Industrial packaging components, closures for chemical containers, housings for dispensing systems

Engineered Thermoplastics Portfolio

Engineered thermoplastics (ETPs) from our trusted supply partners bring unmatched **durability, thermal stability, and design freedom** to rigid packaging—ensuring performance that meets the most demanding application requirements.

Supplier	Brand	Material Group	Related Applications
Celanese	Celanex®, Crastin® & Impet®	PBT	Medical packaging housings, E&E packaging parts, premium dispensing systems
Celanese	Celcon® & Hostaform®	POM	Precision closures, dispensing systems
Celanese	Zytel®	PA6, PA66 & PA612	Industrial packaging components, closures for chemical containers, housings for dispensing systems
Delrin	Delrin®	POM	Precision closures, dispensing systems
Envalior	Akulon® & Novamid®	PA6 & PA66	Industrial packaging components, closures for chemical containers, housings for dispensing systems
Envalior	Arnite®	PET & PBT	Electrical housings for packaging equipment, high-heat resistant closures, cosmetic/pharma containers
LG Chem	LG Chem ABS	ABS	Cosmetic jars & closures, personal care packaging, rigid housings for dispensers
LG Chem	LG Chem ASA	ASA	Cosmetic containers, outdoor-use packaging components, closures for personal care products
LG Chem	LUPOY®	PC	Transparent containers, housings, beverage dispensers & closures
LG Chem	LUPOY®	PC/ABS	Cosmetic jars/caps, medical device housings, high-end closures & dispensers
Lotte	Starex®	ABS	Cosmetic jars & closures, personal care packaging, rigid housings for dispensers
Lotte	Starex®	ASA	Cosmetic containers, outdoor-use packaging components, closures for personal care products
Lotte	INFINO®	PC	Transparent containers, housings, beverage dispensers & closures
NatureWorks	Ingeo®	PLA	Cups & lids, food containers, trays
Ravago Manufacturing Americas	HYLON®	PA6, PA66 & PA612	Industrial packaging components, closures for chemical containers, housings for dispensing systems
Ravago Manufacturing Americas	HYLAC®	ABS	Cosmetic jars & closures, personal care packaging, rigid housings for dispensers
Ravago Manufacturing Americas	HYSUN®	ASA	Cosmetic containers, outdoor-use packaging components, closures for personal care products
Ravago Manufacturing Americas	HYLEX®	PC	Transparent containers, housings, beverage dispensers & closures
Roehm	ACRYLITE®, CYREX® & XT®	PMMA	Premium transparent packaging
Trinseo	MAGNUM™	ABS	Cosmetic jars & closures, personal care packaging, rigid housings for dispensers
Westlake	PVC Compounds	PVC Compounds	Cosmetic containers, specialty closures, blister packs, medical trays

Channel Prime Alliance is focused on providing high-performance resins that set the standard for strength, sustainability and design flexibility in rigid packaging. From food and beverage to healthcare and industrial applications, these materials enable lightweight, durable and recyclable solutions that protect goods and elevate brands.

Channel Prime Alliance: Resins. Reliability. Results.™

At Channel Prime Alliance, we're here to make resin distribution seamless. Our team offers resourceful solutions, dependable service, and a personalized approach that takes your projects further, every step of the way. With a diverse product line, strong technical support, and a commitment to reliability, we're more than a distributor—we're your partner for success across the Americas.
