

Why choose Dieppe ?

Optimise your transit time thanks to the **Dieppe-Newhaven ferry connection**.

A wide range of approvals covering: products of animal origin (for human consumption and non-human consumption, including organic products), plants and plant products, wood and wood products, other regulated goods.

A **control process focused on advance planning and flexibility**, allowing you to arrange an inspection time that best suits your operational requirements.

Nearby logistics partners able to provide **frozen and dry storage facilities** in the event that goods are placed on hold.

Your inspection in 4 steps

1

Plan Ahead

Request your preferred inspection appointment at least 24 hours before the goods arrive.

pif76.dieppe.sivep.dgal@agriculture.gouv.fr

2

PREPARE YOUR DOCUMENTATION

Before 3:00 p.m. on the day before arrival, please submit:

CHED*-P / CHED-D / CHED-PP

Supporting documents (where applicable)

Ferry arrival date and time

3

FACILITATE THE INSPECTION

To ensure the smooth handling of your goods, several options are available depending on your logistics schedule:

Morning ferry arrivals generally allow inspections to be completed on the same day during SIVEP opening hours.

Evening departures, available all year round, allow inspections to be carried out the following morning shortly after arrival.

Afternoon sailings, when scheduled, provide an additional option depending on the season and operational requirements.

4

INSPECTION CONFIRMED

Once your documents have been validated:

Your CHED* status in TRACES will change to «In Progress», confirming your inspection appointment.

If your file is incomplete, the SIVEP team will contact you directly by email.
