1. GETTING STARTED

Follow these steps to ensure smooth access to Money20/20 Connect.

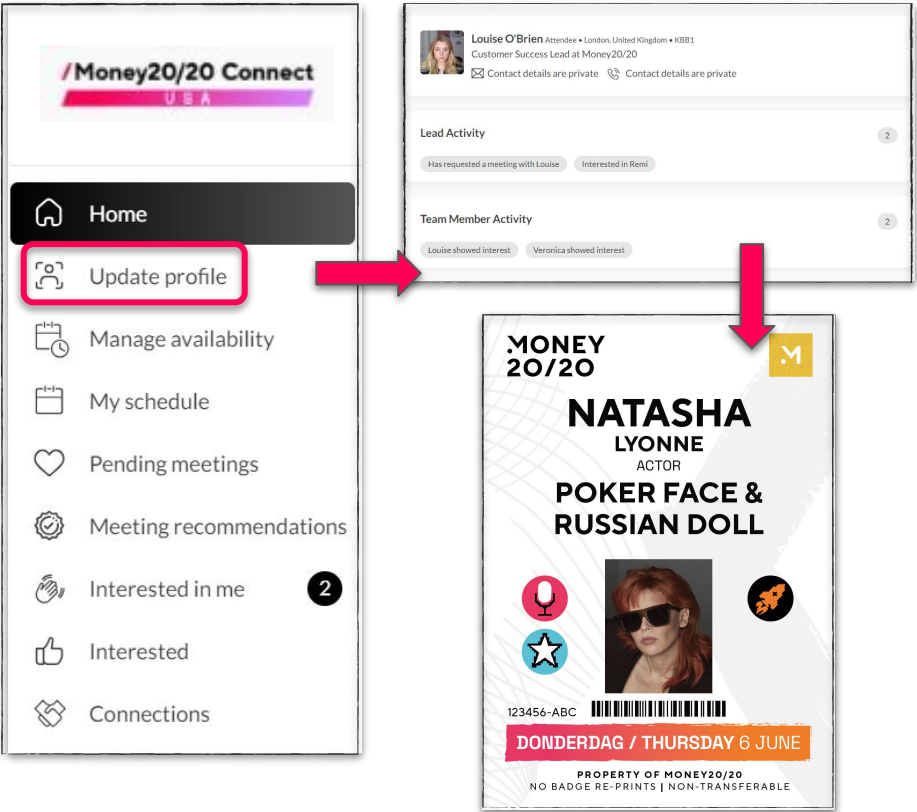

- **New to Money20/20?**
 - If it's your first time attending Money20/20 USA, register for a Money20/20 account [here](#). Make sure to use the same email address that was used to register your pass.
- **Log In to Money20/20 Connect**
 - Access [Money20/20 Connect](#) using **your Money20/20 account login info.**
 - Log in using the **email associated with your pass.**
 - If you're unsure which email was used, contact your internal pass manager who assigned your pass.

2. PROFILE SETUP

By following these steps, you'll ensure your profile is optimized for networking and event participation.

- **Confirm Your Contact Details Visibility**
 - Once logged in, decide whether your contact details (email, phone #) should be **private or visible for connections**.
 - You can adjust this later in the "Edit Profile" section if needed.
- **Update Your Profile**
 - Use the "Update Profile" tab to:
 - Add or edit your company name.
 - Write or update your bio.
 - Update your job role.
 - **Enable Networking** to access networking features and attendee list.
- **Save Changes**
 - Always **select 'Submit'** at the end of the page to save your updates.
- **Profile Updates = Badge Updates**
 - Any changes made to your profile will be reflected on your badge at the show.

Top Tip: Networking needs to be enabled to benefit from our networking features. Without this turned on, you won't be able to see the attendee list, message or schedule meetings and other attendees won't be able to view your profile.

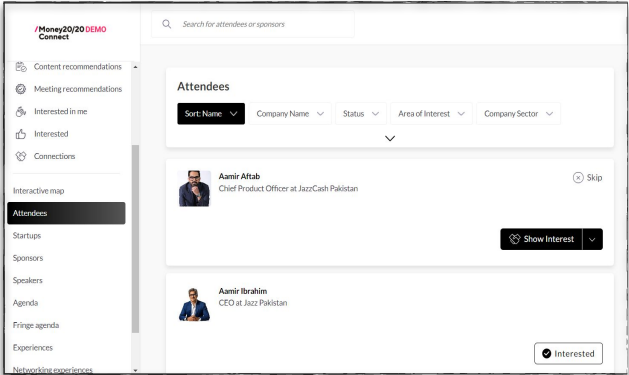

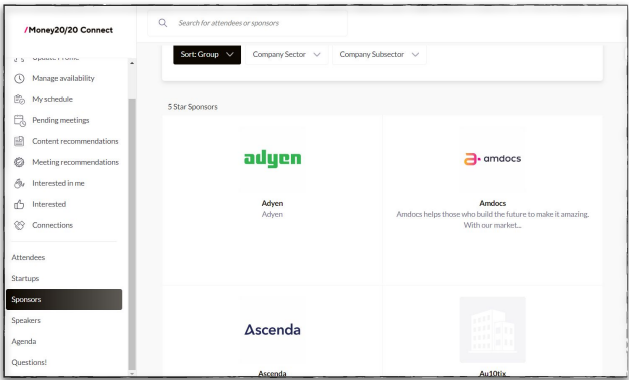

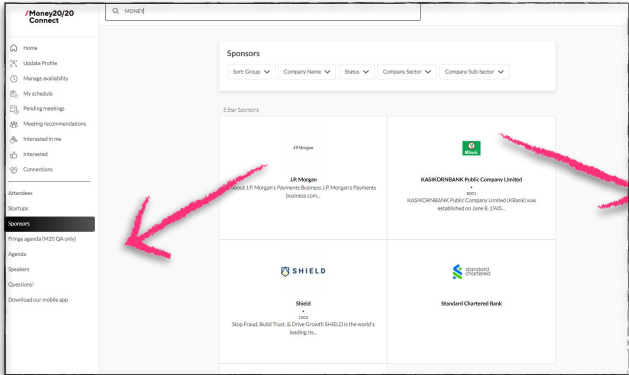

3. EXPLORE ATTENDEE AND SPONSOR LIST

Via the sidebar, you will be able to access the attendee list. **Filter via job title, region, sector and more, to find the people you want to meet with.**

You can also navigate the speaker and sponsor list in similar fashion.

Note: these lists are continuously updated, so make sure to revisit regularly.

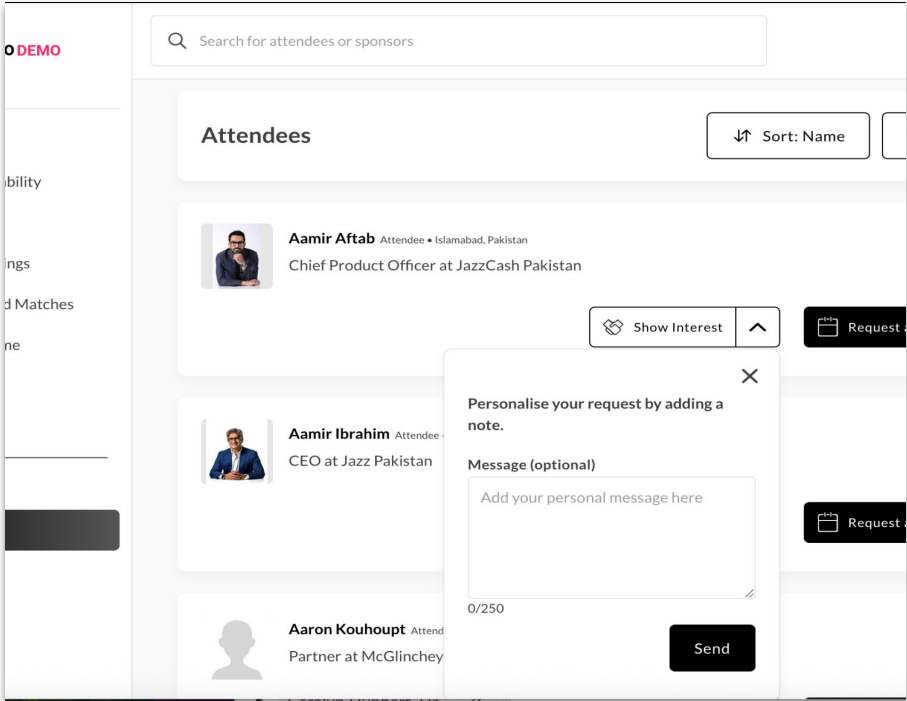

Top Tip: Use the search bar at the top to search attendees or sponsors by name or company. There is also a filter included in the results page.

4. SHOW INTEREST OR SKIP PROFILES

By following these steps, you'll help the platform tailor your meeting opportunities for a more productive event experience.

- **Show Interest**
 - Select profiles of attendees you wish to connect and meet with.
- **Skip Profiles**
 - Avoid profiles of attendees you prefer not to engage with.
- **Understand Matching Process**
 - Your **preferences and interests will be used by AI to match you with similar attendees.**
 - Note: There's no guarantee you'll meet the exact attendees you show interest in, but the technology will aim to match you with similar profiles.

Top Tip: The more you use the recommendations function, the more the technology improves its suggestions. You can also show interest and message sponsors.

5. ARRANGING MEETINGS WITH CONNECTIONS

Follow these steps to manage your connections and schedule productive meetings.

- **Check Your Connections**
 - Go to **“My Connections”** to see accepted connection requests.
- **Arrange Meetings**
 - Use “My Connections” to schedule meetings with new connections.
- **Choose a Meeting Location**
 - Select **your booth or the Connections Lounge** (dedicated networking area).
 - **A table number will be provided once both parties accept the meeting.** Pending meetings will not have a location assigned.
- **Add Attendees**
 - Click the **“+” symbol** next to the initial attendee to add more participants to the meeting.

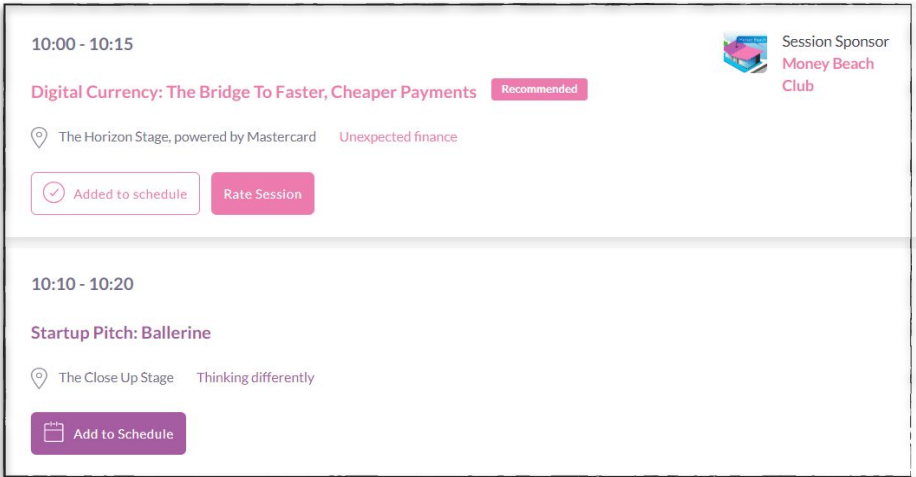

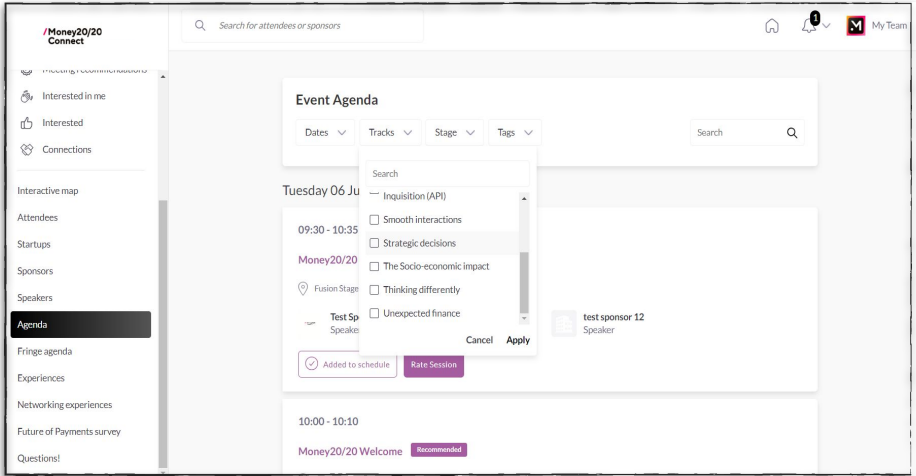

Top Tip: When requesting a meeting, it is advised that you become a connection first. Also, it doesn't hurt to send a welcoming “personal message” with the meeting request. This increases your chance of a connection being made.
