

HOW TO UPLOAD YOUR VACCINE CERTIFICATE OR NEGATIVE COVID TEST RESULT TO CROWDPASS

Before you arrive at Money20/20 please follow the steps below to upload your vaccine certificate or negative COVID test result to [CrowdPass](#)

For those uploading a vaccine certificate, we recommend you do this **at least** 48 hours **before** you arrive at the show to collect your badge. Anyone who is fully vaccinated or received a single dose at least 14 days prior will be approved and you will not be required to test before arrival.

If you are not yet vaccinated, a negative COVID-19 test result will need to be uploaded. We only accept results from tests that have been taken within 48 hours of arriving to pick up your badge. Rapid Antigen and PCR tests where results have been through a CLIA certified lab will be approved. At home tests will not be accepted for entry to Money20/20.

STEP 10

Once your negative test result or vaccine certificate has been approved you will receive the confirmation email to the left. Please have the QR code from this email and your photo ID ready to be checked at our COVID checkpoint onsite - you will need to be checked **before** you can collect your badge.

TIPS

- If you are uploading a vaccination certificate we advise you to do that **at least 48 hours prior** to arriving at the show - allowing plenty of time for your approval email to come through. The earlier, the better.
- If you are uploading a negative test result - you will need to do this **within 48 hours** of arriving at the show - tests taken over 48 hours before arrival will not be accepted.
