

Employees are worried.

Financial Stability

"How am I going to pay my bills?"

Market Volatility

"How can I ever retire now?"

SmartPath was founded in the shadow of the 2009 recession to help employees.

Our low-cost program supports leadership teams with:

Weekly Webinars

Saving during tough times, Sources of cash, COVID-19's impact on student loans, and many more...

Telephonic Coaching

Human coaches to help employees create a plan and review everything from budgets to investments.

Up-to-date Content

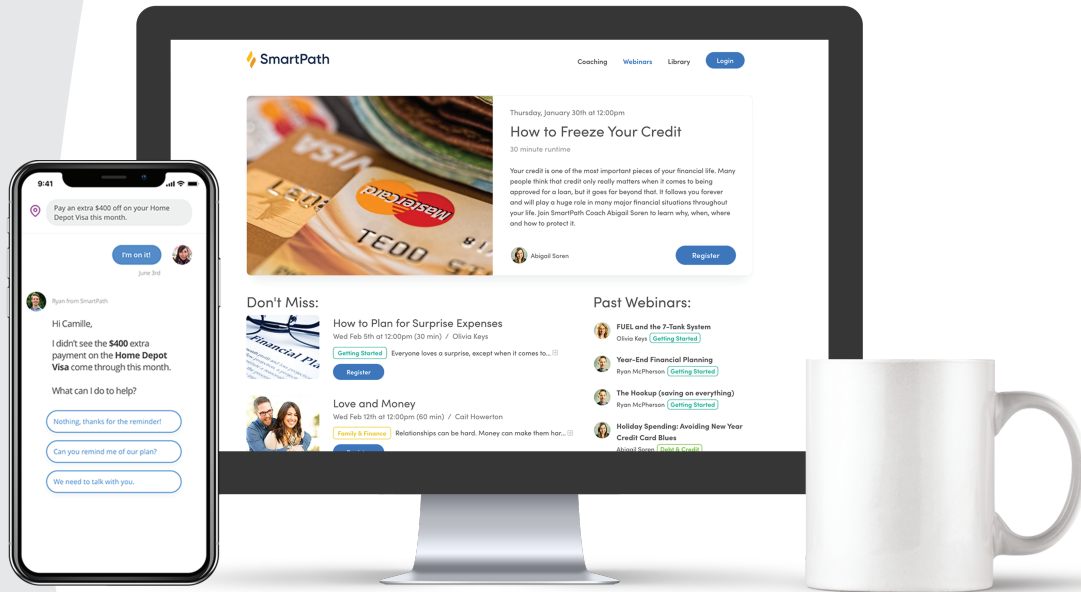

Articles and information on how employees can make smart financial decisions during this period.

App for Tracking

Spending less than you make has never been more important. SmartPath's app makes it easy.

FINANCIAL RESILIENCY PROGRAM

6-month program

*available to **all employees and partners**
no integrations or setup required for you
roll-out ready within **2 weeks***

Schedule a 15 minute demo
JoinSmartPath.com/Resilient

We've seen a lot of budgeting and spending programs, but many don't work because they don't hit the root of the problem and don't offer a simple way for employees to get help. SmartPath has created a solution for the set of people that have the most to gain.
