

In-store payments

# Smarter in-store payments. Right here. Right now.

In today's fast-paced retail environment, offering smooth and efficient payment solutions is crucial for success. Worldpay® empowers businesses to unify online and in-person payments, providing a streamlined and integrated experience for both merchants and customers. Discover how Worldpay can help you enhance customer satisfaction.

## Benefits

### Unified commerce

Connect online and in-store to deliver one customer experience.

### Unified commerce across channels

Worldpay enables businesses to merge their online and in-person payment systems into a single, cohesive platform. This integration not only simplifies financial management but also ensures a consistent and personalized customer experience, regardless of how they choose to shop.

### Fast, flexible, reliable

Integrate easily with your existing POS and manage payments without friction.

### Easy integration with POS Systems

Our solutions are designed to work effortlessly with your existing point of sale systems, reducing the need for complex installations or modifications. This minimizes downtime and accelerates your ability to serve customers efficiently.

### Tools that grow with you

From terminals to mobile, get the right hardware for every stage of your business.

### Comprehensive hardware solutions

Managing payment hardware can be a daunting task, but with Worldpay, it becomes a breeze. Our solutions encompass everything from payment terminals to mobile payment options, ensuring you have the right tools to meet your business needs.

### Insight-driven decisions

Use real-time payments data to improve performance and customer loyalty.

### Valuable payments data analysis and management

Worldpay helps turn your payments data into a tangible and strategic asset, making real-time in-store transaction data visible, manageable and actionable.
