# Application Process

Choose the product to apply.  
Add **Elevate Credit Line** as part of your application.

Retrieve **Myinfo business** with Singpass and agree to the digital service.

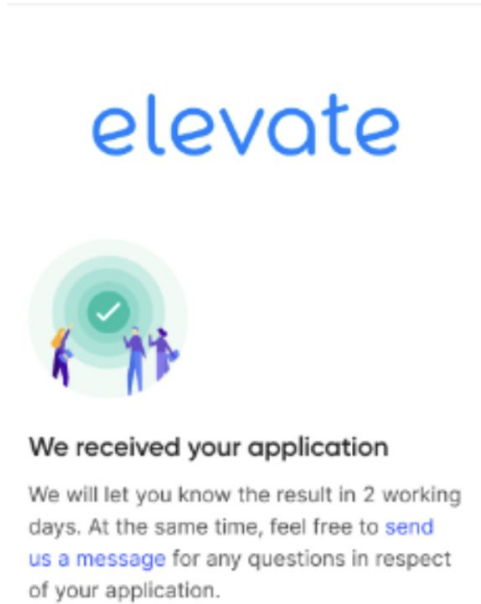

Specify credit limit required, up to **\$20,000**. Credit limit allocated subjected to final credit underwriting.

# Application Process

elevate

The screenshot shows a mobile application interface for 'elevate'. At the top, it says 'elevate' and 'Step 2 of 4'. Below that is a '< Back' button. The main heading is 'Applicant Details'. The form contains several input fields: 'Name as per NRIC/Passport', 'Alias name', 'Nationality', 'NRIC/FIN Number', 'Date of birth', 'Phone number', 'Email address in MyInfo' (with the example 'person@mail.com'), 'Registered address', and 'Residential status'. At the bottom, there is a link that says 'MyInfo data is not correct?' with a dropdown arrow.

Details will **automatically be completed** from Singpass application.

That's it! We will contact you in **2 working days** on the results of your application!

Thank you .
