Complimentary access to full e-book, 13 videos and 6 lecture PPTs on challenging topics available on www.medenact.com

An all-time bestselling textbook of gynaecology, providing comprehensive and authoritative guidance on all relevant aspects of gynecological diseases and their management.

- Updated and revised as per new CBME curriculum.
- Vertical and horizontal integration of the topics has been done.
- Keeping in view wide variation in practice and opinion in the latest suggestions made by WHO and Govt of India, new guidelines pertaining to Indian perspective have been included in chapter Diagnosis of Female Genital Tuberculosis.
- The book is updated with recent guidelines and staging.
- Latest FIGO classification Ca Cervix has been included.
- Clinical cases included at the end of most of the chapters to provide the students a detailed workup for commonly encountered conditions.
- Colored Illustrations, pathological images and slides, and supporting sonographs have been included.
- Key points and Self-assessment questions at the end of each chapter help in preparing for examination.
