

HESI Specialty Exams Lead to

Exit Exam and NCLEX® Success!

A recent HESI data science analysis of more than 200,000 students has revealed a direct correlation between students taking HESI Specialty Exams consistently throughout their nursing program and improved performance on the HESI Exit Exam, and ultimately the NCLEX.

Higher chance of passing the NCLEX

Students who achieve the recommended **900+** benchmark score on the HESI Exit Exam have a **96.8%** likelihood of passing the NCLEX.*
