ELSEVIER

Elsevier's *Imaging Sciences* education solution

Elsevier is the only education provider that can deliver everything you need to ensure student success throughout the learning cycle as they build knowledge and assess content mastery.

Build knowledge

Cultivate knowledge development throughout your curriculum with trusted content and engaging digital learning tools that help students absorb the key concepts that form the foundation for their success.

- Sherpath®
- Textbooks — print and ebooks
- Evolve resources
- Mosby's Digital Positioning Consult

Assess & review

Monitor student progress at key points in your program with review and assessment tools that help them gain the skills and confidence they need for credentialing exam and career success.

- Elsevier Adaptive Quizzing for Imaging Sciences
- HESI® Practice Test
- HESI Exit Exam

Digital course delivery built for healthcare education

Sherpath powers trusted Elsevier texts with all-in-one digital resources that streamline class preparation and assessment and give students personalized help to reach their learning goals. Sherpath fully includes the ebook content for one-stop digital course delivery.

These key features are integrated into Sherpath's simple, seamless, and supportive environment:

- **Course Plan** allows you to easily drag and drop modules based on your schedule, plan assignments, and make relevant teaching materials and reading passages available to students.
- **Digital lessons** (only available for select collections) are aligned with student learning objectives and create an engaging, didactic experience with multimedia, confidence indicators, adaptive remediation, mini assignment assessments, and a final assessment.
- **Elsevier Adaptive Quizzing** personalizes quizzes based on each student's performance and allows you to choose relevant topics on which to quiz your students.
- **Enhanced test banks** give you all-in-one access to your test bank from your Sherpath courses.
- **Evolve resources** are seamlessly accessible, allowing you to incorporate relevant teaching materials into your course.
- **Performance dashboard and reporting capabilities** help you gauge student progress throughout the course to give a holistic view of any topics of misconception or students who are struggling.
