

# Unlock Stronger NCLEX® Outcomes with the Power of Two:

*HESI® Compass™ + HESI® Live Review*

Together, deliver the most effective NCLEX prep experience possible—improving scores, boosting confidence, and helping students achieve success the first time.

HESI® Compass™ + HESI® Live Review

## Stronger together

HESI Compass and HESI Live Review each provide essential, proven NCLEX preparation. When used together, they guide students through personalized self-paced study to collaborative, educator-led review to provide an unmatched readiness journey.

**HESI Compass** prepares students for the NCLEX by using HESI exams as a basis for creating a personalized review roadmap while an experienced Nurse Educator guides and encourages students to the finish line.

**HESI Live Review** provides a final, interactive push with an expert Nurse Educator facilitating group sessions that are customized based on cohort exam performance, offering targeted content review and test-taking strategies.

### Combined:

When used together, they guide students through personalized, self-paced study to collaborative, educator-led review to provide an unmatched readiness journey. They deliver a comprehensive preparation experience—personalizing support, promoting cohort engagement, reinforcing key concepts, and building the mastery and confidence students need to succeed on the NCLEX.
