Major reference works 2025

- Build fundamental knowledge and confidence in new subject areas.
- Offer interdisciplinary knowledge across a subject area.
- Are written and edited by subject matter experts in the field.
- Are aligned with other content types on ScienceDirect, ensuring your researchers are making the most of your content and can easily get the full picture of a subject area.
- ScienceDirect Topics pages surface major reference work content to provide critical contextual knowledge at a user's point of need.

Major reference works are a long-term investment

The lifetime usage of major reference works is greater over a longer period of time than other content types demonstrating the enduring value of this critical foundational content.

A recent study shows **60% of major reference work** usage is still generated 10 years after publication*

*Based on Usage Analysis on ScienceDirect

ELSEVIER

Advancing human progress together

We have a wide range of new major reference works covering topics from green chemistry to evolutionary biology to neurological sciences.

Major reference work	Expected publication date
Comprehensive Green Materials	26 February 2025
Encyclopedia of Green Chemistry	28 February 2025
Comprehensive Methanol Science, Technology, and Utilization	15 March 2025
Encyclopedia of Bioinformatics and Computational Biology, 2nd Edition	22 March 2025
Comprehensive Sampling and Sample Preparation, 2nd Edition	2 June 2025
Learning and Memory: A Comprehensive Reference, 3rd Edition	15 June 2025
Encyclopedia of the Eye, 2nd Edition	17 June 2025
Comprehensive Microsystems, 2nd Edition	23 June 2025
Encyclopedia of Monetary Policy, Financial Markets and Banking	26 June 2025
Encyclopedia of the Neurological Sciences, 3rd Edition	27 June 2025
Comprehensive Energy Systems, 2nd Edition	4 August 2025
Comprehensive Organic Synthesis, 3rd Edition	15 August 2025
International Encyclopedia of Business Management	28 August 2025
Encyclopedia of Astrophysics	28 August 2025
Comprehensive Toxicology, 4th Edition	10 September 2025
Comprehensive Remote Sensing, 2nd Edition	15 September 2025
Encyclopedia of Immunobiology, 2nd Edition	24 September 2025
Encyclopedia of Systems and Control Engineering	24 September 2025
Encyclopedia of Evolutionary Biology, 2nd Edition	25 September 2025
Comprehensive Molecular Insect Science, 2nd Edition	1 November 2025
Encyclopedia of Food Systems and Agriculture, 3rd Edition	14 November 2025
Encyclopedia of Reproduction, 3rd Edition	20 November 2025
Encyclopedia of Atmospheric Sciences, 3rd Edition	28 November 2025

Now is the time to pre-order new editions and brand new major reference works and save 20%!*

Contact sales today to ensure you receive this special offer before they publish.

*Only available pre-publication of the MRW

This offer cannot be combined with any other discounts or promotions and is valid only for purchases made directly through Elsevier.

"Reading an article in a major reference work is like attending a keynote address given by a recognized expert. These experts provide context, insight and information that would normally take days to acquire and process. I strongly recommend these articles as a great jumping off point for young scientists and/or more senior individuals looking to expand their programs."
