Discovery insights from... Remon Elyas

1. Please briefly describe who you are and your role?

I am Remon Elyas, a diagnostic and interventional radiologist in Ontario, Canada.

2. What problems were you attempting to solve when you started using STATdx?

There are countless online resources, and so the search for relevant information can be daunting.

3. From your point of view, what are the biggest benefits you found in using STATdx in your day to day routine?

The biggest benefit is the immediate access to a current and relevant Radiology resource.

4. How do you use STATdx in your day to day workflow?

I always have STATdx open on my navigation monitor as a quick guide for diagnoses, differentials, and anatomy.

5. If you had a colleague that was considering STATdx, what would you tell them?

It is an invaluable resource that has helped me tremendously over the years, both during residency and subsequently in my day-to-day practice. I highly recommend all radiologists subscribe to STATdx.

It is an invaluable resource that has helped me tremendously over the years.
