Medicine in a Day

Reach for Medicine in a Day when you need to study efficiently.

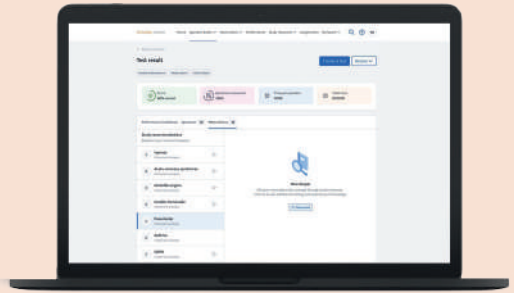

Prepared by a unique combination of authors – including early career stage doctors still close to what is required for exam success, expert educators and senior specialists – Medicine in a Day provides the trusted information your students need most when time is short.

How does ClinicalKey Student Assessment benefit students prepping for exams?

Our learning platform focuses on empowering students to excel in their exams by addressing high-error areas and commonly tested topics. Our approach is based on comprehensive psychometric data analysis, ensuring that we prioritise the subjects that students struggle with the most.

By identifying these challenging areas, we tailor our questions specifically to help students overcome their weaknesses and achieve better exam results.

Precision Learning

Over 9,700 questions — 3,500 basic science and 6,200 clinical—organised by systems, disciplines, and competencies.

Tailored Educational Experience

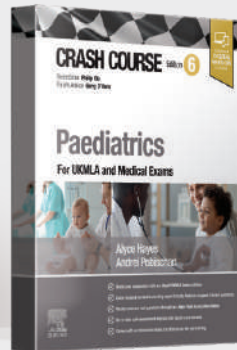

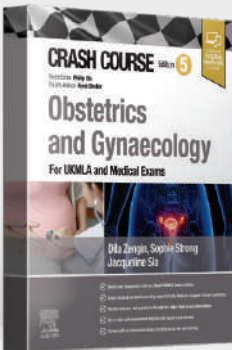

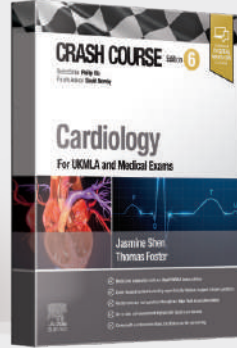

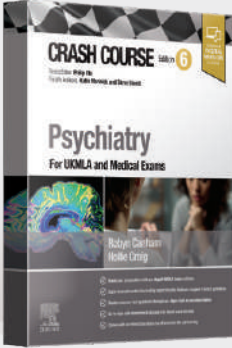

Questions categorised by difficulty and cognitive levels based on Bloom's taxonomy, ensuring the content meets every learner's needs.

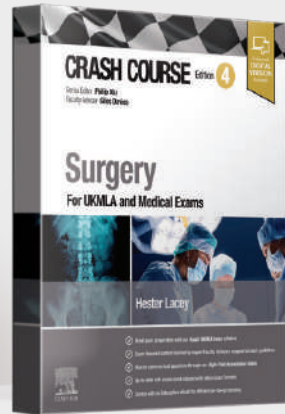

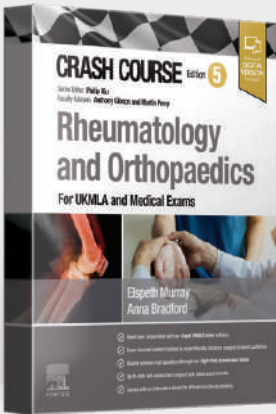

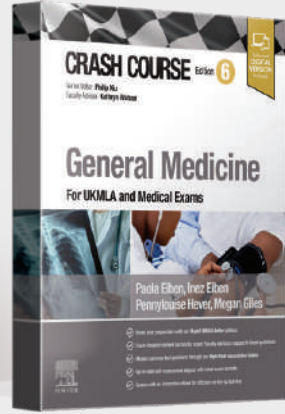

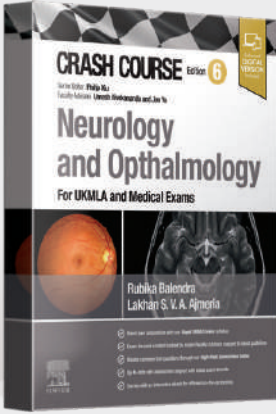

Exclusive Visual Library

Enhanced questions with diverse Elsevier images — radiographs, patient images, plus ophthalmology and dermatology pictures found nowhere else.

Crash Course

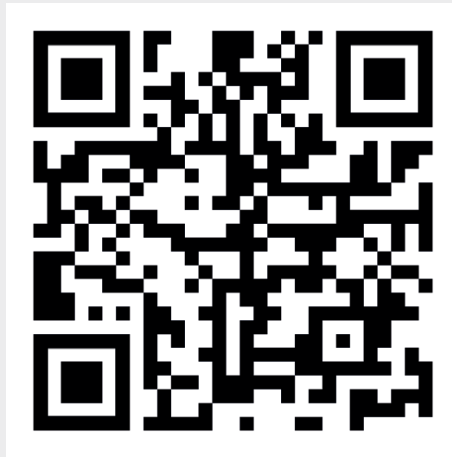

Your students' effective every-day study companion PLUS the perfect antidote for exam stress! Save time and be assured they will have the essential information they need in one place to excel on your course and achieve exam success
