

Celonis Trademarks

Following is a partial list of Celonis trademarks and registered trademarks in Germany and other countries. Unregistered or registration-pending trademarks bear the ™ symbol or are otherwise noted as such. This list is updated from time to time. Failure by Celonis to list a particular trademark (registered or unregistered) is not a waiver of any Celonis rights.

AcCelorator™

Action Engine®

C (+ Device) 

CELONIS®

Celonis Intelligent Business Cloud®

Celonis Process Mining®

The Celonis “Droplet” logos: 

PI (+ Device) 

Trademarks should include correct spelling and not be altered in any way. Trademarks are adjectives, and should not be made into verbs or nouns, or made plural or possessive.

Do not combine the Celonis trademarks with third party trademarks. Third party names and logos cannot be used in conjunction with Celonis trademarks and logos in product names except to connote that Celonis technology is included or being offered as part of a larger solution. Celonis trademarks and logos may not be used as part of the product name for any third-party service or product or as part of the company name for any third-party company.

Celonis trademarks should always be marked with the proper notation (® for registered trademarks and ™ for trademarks which are not yet registered) and be accompanied by the appropriate attribution notice, for example: **Celonis and the Celonis “droplet” logo are trademarks or registered trademarks of Celonis SE in Germany and other countries.**
