

After 12 cities, 9 countries, and 6,500+ registrations – it's a wrap on the Celonis 2022 World Tour.

We would like to take this opportunity to say thank you for being part of our all-star lineup of speakers.

At every World Tour stop, the customer sessions stood out: each one an opportunity for those in the room to hear about best practices, real-world approaches, and lessons learned along the way. And behind each story is a customer like you driving change and making a real impact at your organizations.

Our customers make everything we do possible, and we are incredibly grateful you took time out of your packed schedule to join us.

Thanks to you, we were able to share just how transformative process mining and execution management can be.

Once more, thank you for being part of the World Tour – we're looking forward to the next big thing we do together!

Best,
