ADDENDUM TO INCLUDE EU STANDARD CONTRACTUAL CLAUSES

1. Offer to Contract

This Addendum shall deem to constitute an offer to enter into a legally binding contract with any (i) Customer of Celonis SE (or any of its affiliated legal entities, the "Celonis Contracting Entity"), where such customer is subject to the data protection laws and regulations of the European Union, the European Economic Area and/or their member states, Switzerland and/or the United Kingdom and (the "Customer"), (ii) customer's affiliated legal entities to the extent personal data relating to such affiliated legal entity may be processed under the agreement, and further provided that such affiliate is subject to the data protection laws and regulations of the European Union, the European Economic Area and/or their member states, Switzerland and/or the United Kingdom (each an "Authorized Customer Affiliate"). For the purpose of the Standard Contractual Clauses, the Customer and its Authorized Customer Affiliates shall each be deemed a "data exporter".

For clarity, if the entity signing this Addendum is neither a Customer or Authorized Customer Affiliate, then the offer to enter into the Addendum is not valid and is not legally binding.

2. Undertaking

As of the Effective Date of this Addendum, each of the undersigning Celonis entities ("Celonis") herewith expressly undertake and agree to be bound by the terms and conditions of the EU Standard Contractual Clauses (the "SCC") for any transfer of personal data where Celonis is a data importer in the meaning of the SCC contained in the Annex to this Addendum.

This Addendum shall not replace any comparable or additional rights relating to processing of Customer data contained in the relevant agreement between Customer Agreement and the Celonis Contracting Entity (including any existing data processing addendum).

3. Communication

The Customer shall remain responsible for coordinating all communication with the Celonis Contracting Entity and be entitled to make and receive any communication in relation to this Addendum on behalf of the Authorized Customer Affiliates.

ANNEX

STANDARD CONTRACTUAL CLAUSES (PROCESSORS)

For the purposes of Article 26(2) of Directive 95/46/EC for the transfer of personal data to processors established in third countries which do not ensure an adequate level of data protection

Name of the data exporting organisation:

*Name and contact information as per title page of the Addendum*  
(the data exporter)

And

Name of the data importing organisation: …

Address: …

Tel. …; fax …; e-mail: …

Other information needed to identify the organisation: …

(the data importer)

each a ‘party’; together ‘the parties’,

HAVE AGREED on the following Contractual Clauses (the Clauses) in order to adduce adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals for the transfer by the data exporter to the data importer of the personal data specified in Appendix 1.

Clause 1 Definitions

For the purposes of the Clauses:

(a) ‘personal data’, ‘special categories of data’, ‘process/processing’, ‘controller’, ‘processor’, ‘data subject’ and ‘supervisory authority’ shall have the same meaning as in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data;

(b) ‘the data exporter’ means the controller who transfers the personal data;

(c) ‘the data importer’ means the processor who agrees to receive from the data exporter personal data intended for processing on his behalf after the transfer in accordance with his instructions and the terms of the Clauses and who is not subject to a third country’s system ensuring adequate protection within the meaning of Article 25(1) of Directive 95/46/EC;

(d) ‘the sub-processor’ means any processor engaged by the data importer or by any other sub-processor of the data importer who agrees to receive from the data importer or from any other sub-processor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;

(e) ‘the applicable data protection law’ means the legislation protecting the fundamental rights and freedoms of individuals and, in particular, their right to privacy with respect to the processing of personal data applicable to a data controller in the Member State in which the data exporter is established;

(f) ‘technical and organisational security measures’ means those measures aimed at protecting personal data against accidental or unlawful destruction or accidental loss, alteration,
Clause 2  Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 which forms an integral part of the Clauses.

Clause 3  Third-party beneficiary clause

1. The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and (g) to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.

2. The data subject can enforce against the data importer this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where the data exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity.

3. The data subject can enforce against the sub-processor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the sub-processor shall be limited to its own processing operations under the Clauses.

4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

Clause 4  Obligations of the data exporter

The data exporter agrees and warrants:

(a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;

(b) that it has instructed and throughout the duration of the personal data-processing services will instruct the data importer to process the personal data transferred only on the data exporter’s behalf and in accordance with the applicable data protection law and the Clauses;

(c) that the data importer will provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 to this contract;

(d) that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;

(e) that it will ensure compliance with the security measures;

(f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;
Clause 5  Obligations of the data importer

The data importer agrees and warrants:

(a) to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

(b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

(c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;

(d) that it will promptly notify the data exporter about:

i. any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation;

ii. any accidental or unauthorised access; and

iii. any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

(e) to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;

(f) at the request of the data exporter to submit its data-processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;

(g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for sub-processing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;

(h) that, in the event of sub-processing, it has previously informed the data exporter and obtained its prior written consent;

(g) to forward any notification received from the data importer or any sub-processor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;

(h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for sub-processing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;

(i) that, in the event of sub-processing, the processing activity is carried out in accordance with Clause 11 by a sub-processor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and

(j) that it will ensure compliance with Clause 4(a) to (i).
(i) that the processing services by the sub-processor will be carried out in accordance with Clause 11;
(j) to send promptly a copy of any sub-processor agreement it concludes under the Clauses to the data exporter.

**Clause 6  Liability**

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or sub-processor is entitled to receive compensation from the data exporter for the damage suffered.

2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his sub-processor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract of by operation of law, in which case the data subject can enforce its rights against such entity.

The data importer may not rely on a breach by a sub-processor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the sub-processor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the sub-processor agrees that the data subject may issue a claim against the data sub-processor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the sub-processor shall be limited to its own processing operations under the Clauses.

**Clause 7  Mediation and jurisdiction**

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
   (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
   (b) to refer the dispute to the courts in the Member State in which the data exporter is established.

2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

**Clause 8  Cooperation with supervisory authorities**

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.

2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any sub-processor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.

3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any sub-processor preventing the conduct of an audit of the data importer, or
any sub-processor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to
take the measures foreseen in Clause 5(b).

Clause 9   Governing law

The Clauses shall be governed by the law of the Member State in which the data exporter is
established, namely …

Clause 10   Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from
adding clauses on business related issues where required as long as they do not contradict the
Clause.

Clause 11   Sub-processing

1. The data importer shall not subcontract any of its processing operations performed on behalf of
the data exporter under the Clauses without the prior written consent of the data exporter. Where
the data importer subcontracts its obligations under the Clauses, with the consent of the data
exporter, it shall do so only by way of a written agreement with the sub-processor which imposes
the same obligations on the sub-processor as are imposed on the data importer under the
Clauses. Where the sub-processor fails to fulfil its data protection obligations under such written
agreement the data importer shall remain fully liable to the data exporter for the performance of
the sub-processor’s obligations under such agreement.

2. The prior written contract between the data importer and the sub-processor shall also provide for
a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not
able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data
exporter or the data importer because they have factually disappeared or have ceased to exist in
law or have become insolvent and no successor entity has assumed the entire legal obligations
of the data exporter or data importer by contract or by operation of law. Such third-party liability
of the sub-processor shall be limited to its own processing operations under the Clauses.

3. The provisions relating to data protection aspects for sub-processing of the contract referred to
in paragraph 1 shall be governed by the law of the Member State in which the data exporter is
established.

4. The data exporter shall keep a list of sub-processing agreements concluded under the Clauses
and notified by the data importer pursuant to Clause 5(j), which shall be updated at least once a
year. The list shall be available to the data exporter’s data protection supervisory authority.

Clause 12   Obligation after the termination of personal data-processing services

1. The parties agree that on the termination of the provision of data-processing services, the data
importer and the sub-processor shall, at the choice of the data exporter, return all the personal
data transferred and the copies thereof to the data exporter or shall destroy all the personal data
and certify to the data exporter that it has done so, unless legislation imposed upon the data
importer prevents it from returning or destroying all or part of the personal data transferred. In
that case, the data importer warrants that it will guarantee the confidentiality of the personal data
transferred and will not actively process the personal data transferred anymore.

2. The data importer and the sub-processor warrant that upon request of the data exporter and/or
of the supervisory authority, it will submit its data-processing facilities for an audit of the measures
referred to in paragraph 1.

Appendix 1

to the Standard Contractual Clauses

This Appendix forms part of the Clauses and must be completed and signed by the parties.

The Member States may complete or specify, according to their national procedures, any additional necessary information to be contained in this Appendix.

Data exporter

The data exporter is (please specify briefly your activities relevant to the transfer):

...

...

Data importer

The data importer is acting as a subprocessor of Celonis SE or one of its affiliated legal entities (each the "Celonis Contracting Entity"), which is providing the data exporter with a cloud software solution in the field of process mining.

In this respect, the data importer's personnel will operate the cloud infrastructure remotely in particular to cover 24/7 operations, handle support questions of employees of data exporter on behalf of the respective Celonis Contracting Entity and insofar may have access to personal data related to the data importer's instance of the cloud services and create and process support ticket data. Where explicitly requested by data exporter's personnel, data importer may "shadow" users and therefore see contents of the data exporter's analysed source system data.

Data subjects

The personal data transferred concern the following categories of data subjects (please specify):

Employees of the data exporter, customers or suppliers of data exporter. Further data subjects or categories of subjects may be agreed by the parties.

Categories of data

The personal data transferred concern the following categories of data (please specify):

Name, user name /ID, log and protocol data, business contact information such as telephone and e-mail and address data.

Special categories of data (if appropriate)

The personal data transferred concern the following special categories of data (please specify):

Not applicable

Processing operations

The personal data transferred will be subject to the following basic processing activities (please specify):

Provision of support services, ticketing of support requests, "shadowing" of users upon their explicit request, administration services related to cloud service hosting and operation.

DATA EXPORTER
DATA IMPORTER

Appendix 2

to the Standard Contractual Clauses

This Appendix forms part of the Clauses and must be completed and signed by the parties.

Description of the technical and organisational security measures implemented by the data importer in accordance with Clauses 4(d) and 5(c):

1. Confidentiality
   1.1 Entry control
      ☒ Locked building
      ☒ Locked offices
      ☒ Mechanical security locking system
      ☒ Documented key issuance
      ☒ Secure areas only accessible for employees with Key Card
      ☒ Locked server rooms with entry control
      ☒ Locked server cabinets
      ☒ Electronic entry control
      ☒ Daily security service for offices and building
      ☒ Monitoring of all visitors during their stay in the office

   1.2. Access control
      ☒ Personalized user
      ☒ Password convention with a complex password and a minimum number of characters
      ☒ Central authentication with a user name and password
      ☒ Access blocked after too many incorrect password entries
      ☒ Encrypted notebooks
      ☒ A secure line connection for external access
      ☒ Use of an up-to-date firewall

   1.3 Usage control
      ☒ Role-based authorization process
      ☒ Application-specific authentication with user name and password
      ☒ Logging user usage
      ☒ Encryption of mobile data media
      ☒ Allocation of authorizations only after approval by the data owner
      ☒ Protected storage of data media
      ☒ Destruction of paper documents in compliance with data protection law
      ☒ Administrative users are kept to a minimum and documented.

1.4 Pseudonymization
Pseudonymization takes place immediately upon request by the client.

1.5 Separation control
- Client separation within the data processing system
- Separation of productive and test systems

2. Integrity
2.1 Transmission control
- VPN connections
- The use of private storage media is prohibited
- Special protection when physically transporting data media

2.2 Input control
- Traceability when assigning, changing and deleting user authorizations

2.3 Contractual order control
- Documentation of processing activities
- Careful selection of processors
- No use of processors who have not entered into agreement pursuant to Article 28 GDPR
- Written agreement with the processor on the data protection minimum standard
- Appropriate monitoring of the processor
- Assuring compliant destruction or return of the data upon completion of the assignment

3. Availability and reliability
- Routine documented patch management for end servers
- Routine documented patch management for end devices
- Downloading security-critical patches within 72 hours
- Data storage on storage system
- Uninterrupted power supply
- Early fire detection

4. Procedure for routine review, assessment, and evaluation
- Appointment of a data protection officer
- Routine documented training of employees involved in data processing
- Routine auditing of the procedures
- Routine review of the latest technical standards pursuant to Article 32 GDPR
