Certificate of Analysis EC Fertilizer

TRADE MARK: PROSERPINA

SCIENTIFIC NAME / TRADE NAME: NUTRIDYN KALI CALZ

NATURE, COLOUR AND FORM OF FERTILIZER: Light Yellow, solid.

PACKAGING: 1Kg and 5Kg. bag.

NAME OF FACTORY AND ITS ADDRESS: AGROLOGICAL DYNAMICS PROSERPINA, S.L.

Pol. Ind. La Serra, núm. 19, 25320 Anglesola – Lleida – SPAIN- Phone: +34 931 353 999

EMAIL: comercial@proserpina.es

THE PERCENTAGE OF THE COMPONENTS (dissolved in distilled water):

pH(1% solution) = 4.5 **pH** (SPRAYING SOLUTION) = 5

MAINELEMENTS			
Element	Concentration	Form	Origin
Nitrogen (N) Total	5%	Water soluble	Potassium nitrate
Nitric Nitrogen (N)	5%	Water soluble	Potassium nitrate
Calcium Oxide (CaO) water soluble	14%	Water soluble	Calcium oxide
Potassium Oxide (K ₂ O) water soluble	17%	Water soluble	Potassium nitrate
Magnesium Oxide (MgO) water soluble	2%	Water soluble	Magnesium oxide

Type of Crops:

All crops in general. Along all the vegetative cycle.

Foliar: 200 g/100 of water. Fruit trees: All fruit in general, during thickening of the fruit, in 2 or 3 treatments. Vegetables: Specially for greenhouses crops, perform various treatments throughout the growth cycle, each 10-12 days.

Root: 20-30 kg/ha along the crop cycle.
