

Jack bakes 18 cupcakes for a Comic Relief bake sale.

He puts them into an array.

How many different arrays can Jack make?

Mo bakes 6 more cupcakes than Jack.
How many different arrays could Mo make?

Answers

Jack can make 6 different arrays.

1 and 18
18 and 1

2 and 9
9 and 2

3 and 6
6 and 3

Mo can make 8 different arrays.
