Amir bakes some cupcakes for a Comic Relief bake sale.
He bakes **less than 5**0 cupcakes.

If he puts 6 cupcakes in each box, he has 1 left over.

If he puts 8 cupcakes in each box, he has 1 left over.

If he puts 9 cupcakes in each box, he has 4 left over.

How many cupcakes has Amir baked?

Can you design a similar problem for your partner that has more than one possible answer?

Answers

Amir has baked 49 cupcakes.
